We believe the use of the Internet to host the Annual Meeting enables expanded stockholder participation. You will be able to attend the Annual Meeting, submit your questions and, if you are a record holder of our common stock or proxy for a record holder, vote your shares during the live webcast of the Annual Meeting by visiting www.virtualshareholdermeeting.com/MFA2024 and entering your 16-digit control number.

Whether or not you plan to virtually attend the Annual Meeting, in order to assure proper representation of your shares at the Annual Meeting, we urge you to submit your proxy voting instructions to MFA by using our dedicated Internet voting website, our toll-free telephone number or, if you prefer, the mail. By submitting your proxy voting instructions promptly, either by

Internet, telephone or mail, you can help MFA avoid the expense of follow-up mailings and ensure the presence of a quorum at the Annual Meeting. If you virtually attend the Annual Meeting, you may, if so desired, revoke your prior proxy voting instructions given in advance of the Annual Meeting and vote your shares over the Internet at the virtual meeting.

In order to submit proxy voting instructions prior to the Annual Meeting, you have the option of authorizing your proxy (a) through the Internet at www.proxyvote.com and following the instructions described on the notice and access card previously mailed to you or on your proxy card, (b) by toll-free telephone at 1-800-690-6903 and following the prompts on the automated voting system or (c) by completing, signing and dating your proxy card and returning it promptly in the postage-prepaid envelope provided.

Proxy Statement for the 2024 Annual Meeting of Stockholders

General Information

This Proxy Statement is being furnished to stockholders in connection with the solicitation of proxies by and on behalf of the Board of Directors (the "Board") of MFA Financial, Inc., a Maryland corporation ("MFA," the "Company," "we," "our" or "us"), for exercise at MFA's 2024 Annual Meeting of Stockholders (the "Annual Meeting") to be held on Tuesday, June 4, 2024, at 2:00 p.m. Eastern Time, or at any postponement or adjournment thereof.

If a proxy is properly authorized, submitted without specifying any instructions thereon and not revoked prior to the Annual Meeting, the shares of our common stock, par value \$0.01 per share (the "Common Stock"), represented by such proxy will be voted (i) **FOR** the election of the three (3) nominees for director named in this Proxy Statement to serve on the Board until our 2027 Annual Meeting of Stockholders and until their successors are duly elected and qualify, (ii) **FOR** the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2024, and (iii) **FOR** the advisory (non-binding) resolution to approve our executive compensation as disclosed in this Proxy Statement ("Say-on-Pay"). As to any other business that may properly come before the Annual Meeting or any postponement or adjournment thereof, the persons named as proxy holders on your proxy card will vote the shares of Common Stock represented by properly submitted proxies in their discretion.

This Proxy Statement, the Notice of Annual Meeting of Stockholders and the related proxy card are first being sent and made available to stockholders on or about April 22, 2024.

Attending and Participating in the Annual Meeting

This year's Annual Meeting will once again be a virtual meeting that will be held over the Internet. We believe the use of the Internet to host the Annual Meeting enables expanded stockholder participation, reduces costs for both the Company and our stockholders and provides the same rights to participate as stockholders would have at an in-person meeting.

You may attend the virtual Annual Meeting if you are a stockholder of record, hold a proxy for a stockholder of record or are a beneficial owner of our Common Stock with evidence of ownership. You may participate in the Annual Meeting by visiting www.virtualshareholdermeeting.com/MFA2024 (the "meeting website") and entering the 16-digit control number included on your proxy card or your voting instruction form. You will be able to submit questions and, if you are a stockholder of record of our Common Stock or a proxy for a stockholder of record, vote your shares during the Annual Meeting.

Stockholders may submit questions after logging into the virtual meeting platform as described above by typing a question in the field below the caption "Ask a Question", and clicking "Submit." We will attempt to respond to as many questions that are pertinent to the Company as time allows. Questions that are substantially similar may be grouped and answered once to avoid repetition.

Additional information regarding the rules and procedures for participating in the Annual Meeting will be provided in our rules of conduct for the Annual Meeting, which stockholders can view once they have checked in and during the Annual Meeting on the meeting website.

Technical Assistance. The Annual Meeting will begin promptly at 2:00 p.m. Eastern Time. We encourage you to access the Annual Meeting prior to the start time. Online access will begin at approximately 1:45 p.m. Eastern Time. The virtual Annual Meeting platform is fully supported across most browsers (Firefox, Chrome and Safari) and devices (desktops, laptops, tablets, and cell phones) running the most updated version of applicable software and plugins. Participants should ensure they have a strong Internet connection wherever they intend to participate in the Annual Meeting. Participants should also allow plenty of time to log in and ensure that they can hear streaming audio prior to the start of the Annual Meeting.

If you encounter any difficulties while accessing the virtual Annual Meeting during the check-in or meeting time, a technical assistance phone number will be made available on the Annual Meeting registration page approximately 15 minutes prior to the start time of the Annual Meeting through the conclusion of the Annual Meeting.

Annual Report

This Proxy Statement is accompanied by our Annual Report to Stockholders for the year ended December 31, 2023 (the “2023 Annual Report to Stockholders”), which includes financial statements audited by KPMG LLP, our independent registered public accounting firm, and their report thereon, dated February 22, 2024.

Voting Information

Record Date and Outstanding Shares

Stockholders will be entitled to one vote for each share of Common Stock held of record at the close of business on April 8, 2024 (the “Record Date”), with respect to (i) the election of the three (3) directors named in this Proxy Statement to serve on the Board until our 2027 Annual Meeting of Stockholders and until their successors are duly elected and qualify, (ii) the ratification of the appointment of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2024, (iii) the advisory (non-binding) Say-on-Pay vote and (iv) any other proposal for stockholder action that may properly come before the Annual Meeting or any postponement or adjournment thereof.

As of the Record Date, we had issued and outstanding 102,082,499 shares of Common Stock.

Ownership of Shares

Stockholders may own shares of Common Stock in one or more of the following ways: (i) directly in their name as the stockholder of record, (ii) indirectly through a broker, bank or other intermediary in “street name” or (iii) indirectly through the Company’s 401(k) Savings Plan (the “401(k) Plan”).

If shares of Common Stock are registered directly in the stockholder’s name, we are sending proxy materials directly to the stockholder. As the holder of record, the stockholder has the right to give their proxy directly to our tabulating agent or to vote electronically during the virtual Annual Meeting via webcast. If the stockholder holds their shares in street name, the stockholder’s broker, bank or other intermediary is sending proxy materials to them, and the stockholder may direct the intermediary how to vote on their behalf by completing the voting instruction form that accompanies the proxy materials or following the instructions in the notice they received. If the stockholder holds shares through the Company’s 401(k) Plan, the proxy includes shares of Common Stock that the 401(k) Plan has credited to the participant’s account.

Internet Availability of Proxy Materials

We utilize a “notice and access” model rather than mailing full sets of proxy materials to all of our stockholders, as we believe, among other things, that the Company benefits from the reduced costs associated with this method of delivery, and it is friendlier to the environment. Thus, pursuant to rules of the Securities and Exchange Commission (“SEC”), we are making our proxy materials available to our stockholders electronically over the Internet rather than mailing the proxy materials to all our stockholders. Accordingly, we are sending a Notice Regarding the Availability of Proxy Materials to our stockholders. All stockholders will have the ability to access the proxy materials, including this Proxy Statement and our 2023 Annual Report to Stockholders, on the website referred to in the Notice or to request a printed set of the proxy materials. Instructions on how to access the proxy

[TABLE OF CONTENTS](#)

materials over the Internet or to request a printed set of such materials can be found in the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis.

How to Vote

In order to submit proxy voting instructions prior to the Annual Meeting, stockholders have the option to authorize their proxy by Internet, telephone or mail. Stockholders are requested to authorize a proxy to vote their shares of our Common Stock during the virtual Annual Meeting via webcast by using the dedicated Internet voting website or toll-free telephone number provided for this purpose. Specific instructions regarding the Internet and telephone voting options are described in the Notice Regarding the Availability of Proxy Materials previously mailed to you and/or on your proxy card. Alternatively, stockholders may authorize their proxy by completing, signing and dating their proxy card and returning it in the postage-prepaid envelope provided. Stockholders who authorize their proxy by using the Internet or telephone voting options do not need to also return a proxy card.

Internet and telephone voting are available through 11:59 p.m. Eastern Time on Monday, June 3, 2024, for all shares other than shares held through the 401(k) Plan. To allow sufficient time for the 401(k) Plan trustee to vote, the trustee must receive voting instructions for shares of Common Stock held through the plan by 11:59 p.m. Eastern Time on Thursday, May 30, 2024. If the trustee does not receive voting instructions from the 401(k) Plan participant by that date, the trustee will not vote the participant's shares. Accordingly, Internet and telephone voting are available through 11:59 p.m. Eastern Time on Thursday, May 30, 2024, for shares held in the 401(k) Plan.

Shares of Common Stock represented by properly submitted proxies received by us prior to the Annual Meeting will be voted according to the instructions specified on such proxies. Any stockholder submitting a proxy retains the power to revoke such proxy at any time prior to its exercise at the Annual Meeting by (i) delivering prior to the Annual Meeting a written notice of revocation to the attention of our Secretary at MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017, (ii) authorizing a later proxy by Internet or telephone or submitting a later-dated proxy card or (iii) voting electronically during the Annual Meeting via webcast. Attending the virtual Annual Meeting via webcast will not automatically revoke a stockholder's previously submitted proxy unless such stockholder votes electronically during the Annual Meeting.

Quorum and Required Vote

The presence, in person or by proxy, of stockholders entitled to cast a majority of all the votes entitled to be cast at the Annual Meeting shall constitute a quorum.

Assuming a quorum is present, the business scheduled to come before the Annual Meeting will require the following affirmative votes:

1. with respect to the election of directors, a majority of the total votes cast for and against the election of each nominee;
2. with respect to the ratification of the appointment of our independent registered public accounting firm, a majority of the votes cast on the proposal; and
3. with respect to the advisory (non-binding) Say-on-Pay vote, a majority of the votes cast on the proposal.

Abstentions and Broker Non-Votes

Abstentions and broker non-votes are each included in the determination of the number of shares present at the Annual Meeting for the purpose of determining whether a quorum is present.

An abstention is the voluntary act of directing your proxy to abstain or attending the Annual Meeting in person (via webcast over the Internet) and marking a ballot to abstain.

A broker non-vote occurs when a nominee (i.e., a broker) holding shares for a beneficial owner has not received instructions from the beneficial owner on a particular proposal for which the nominee is not permitted to exercise discretionary voting power under New York Stock Exchange (the "NYSE") rules, and therefore, the nominee does not cast a vote on the proposal.

TABLE OF CONTENTS

Under NYSE rules, brokers are not permitted to vote shares held in their clients' accounts on elections of directors or the non-binding Say-on-Pay vote (each of which is considered a non-routine matter), unless, in each case, the client (as beneficial owner) has provided voting instructions to the broker. The ratification of the appointment of our independent registered public accounting firm is, however, a proposal for which brokers do have discretionary voting authority (although they may choose not to exercise such authority). If you hold your shares in "street name" (i.e., through a broker or other nominee), your broker or nominee will not vote your shares on non-routine matters unless you provide instructions on how to vote your shares. You can instruct your broker or nominee how to vote your shares by following the voting procedures provided by your broker or nominee.

Abstentions do not count as votes cast on any of the election of directors, the ratification of the appointment of KPMG LLP or the advisory (non-binding) Say-on-Pay vote and will have no effect on the results of such proposals.

Broker non-votes, if any, do not count as votes cast on the election of directors, the ratification of the appointment of KPMG LLP or the advisory (non-binding) Say-on-Pay vote and will have no effect on the results of such proposals.

Corporate Governance

Role of the Board

Pursuant to our Charter and Bylaws and the Maryland General Corporation Law, our business and affairs are managed under the direction of the Board. The Board is responsible for establishing broad corporate policies and for our overall performance and direction, but is not involved in our day-to-day operations. Members of the Board keep informed of our business by participating in meetings of the Board and its committees, by, among other things, reviewing analyses, reports and other materials provided to them and through discussions with our chief executive officer (“CEO”) and other executive officers.

Board Leadership Structure

We currently separate the roles of the Chairman of the Board (the “Board Chair”) and CEO, with the Board Chair held by a non-executive independent director. Under our Bylaws, the Board Chair does not automatically serve as CEO, and the Board Chair may be an executive or non-executive of the Company. At present, our Board believes that the separation of roles, while not required, fosters clear accountability and enhances the Board’s oversight of and independence from management, as well as assisting the Board’s ability to carry out its roles and responsibilities on behalf of stockholders. The Board also believes that the current leadership structure fosters effective decision making and alignment on corporate strategy. In addition, the Board believes that separation of the Board Chair and CEO roles strengthens risk management and allows our CEO to focus more of his time and energy on day-to-day management and operations of the business.

Role of the Non-Executive Board Chair

Laurie S. Goodman, an independent director, currently serves as our Board Chair. Among other things, the Board Chair: (1) presides at all meetings of the Board; (2) has the authority to call, and will lead, meetings and executive sessions of our independent and non-management directors; (3) consults with the CEO and the Board committee chairs in establishing the agenda for Board and Board committee meetings; (4) helps facilitate communication between the CEO and the Board; (5) acts as a liaison between the Board and management; (6) confirms the Board has a process of periodically assessing the effectiveness of the Board, its committees and individual directors and management; and (7) performs such other functions as may be designated from time to time. The Board Chair is elected annually by a majority of the directors then serving on the Board at the first meeting of the Board following the annual meeting of stockholders.

Board’s Role in Risk Oversight

The Board is responsible for the oversight of MFA’s risk management. The Board oversees and monitors MFA’s risk management framework and reviews risks that may be material to us. As part of this oversight process, the Board periodically receives reports from management on areas of material risk to MFA, including operational, financial, interest rate, liquidity, credit, market, legal and regulatory, accounting, strategic, cyber (i.e., data protection and information security) and personnel risks. The Board receives these reports from the appropriate sources within MFA to enable it to understand our risk identification, risk management and risk mitigation strategies. To the extent applicable, the Board and its committees coordinate their risk oversight roles. As part of its written charter, the Audit Committee of the Board periodically discusses guidelines and policies to govern the process by which risk assessment and risk management, including major financial risk exposures, are undertaken by MFA and its management, and the

TABLE OF CONTENTS

Compensation Committee of the Board oversees our compensation programs to ensure that they do not encourage unnecessary or excessive risk taking. The principal goal of these processes is to achieve thoughtful Board-level attention to (i) our risk management process and framework, (ii) the nature of the material risks we face, (iii) the adequacy of our risk management process and framework designed to identify, respond to and mitigate these risks and (iv) as necessary or appropriate, possible changes to our risk management process and framework to react to a fluid business environment.

Director Independence

MFA's Corporate Governance Guidelines (the "Governance Guidelines"), which have been adopted and are periodically reviewed by the Board, provide that a majority of the directors serving on the Board must be independent as affirmatively determined by the Board in accordance with the rules and standards established by the NYSE. In addition, as permitted under the Governance Guidelines, the Board has also adopted certain additional categorical standards (the "Independence Standards") to assist it in making determinations with respect to the independence of directors. Based upon its review of all relevant facts and circumstances, the Board has affirmatively determined that six of our seven current directors, Laurie S. Goodman, Robin Josephs, Francis J. Oelerich III, Lisa Polsky, Sheila A. Stamps and Richard C. Wald, qualify as independent directors under the NYSE listing standards and the Independence Standards. Craig L. Knutson, by virtue of his position as our CEO and President, is not an independent director.

The Independence Standards can be found on our website at www.mfafinancial.com.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics (the "Code of Conduct") that applies to our directors, officers and employees. The Code of Conduct was designed to assist directors, officers and employees in complying with the law, in resolving certain moral and ethical issues that may arise in the performance of their duties and in complying with our policies and procedures. Among the areas addressed by the Code of Conduct are compliance with applicable laws, conflicts of interest, use and protection of our assets, confidentiality, communications with the public, internal accounting controls, improper influence on the conduct of audits, records retention, fair dealing, discrimination and harassment, and health and safety. The Board's Nominating and Corporate Governance Committee is responsible for assessing and periodically reviewing the adequacy of the Code of Conduct and will recommend, as appropriate, proposed changes to the Code of Conduct to the Board.

The Code of Conduct can be found on our website at www.mfafinancial.com. We will also provide the Code of Conduct, free of charge, to stockholders who request it. Requests should be directed to the attention of our Secretary at MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017.

Corporate Governance Guidelines

General. The Board has adopted the Governance Guidelines, which address significant issues of corporate governance and set forth procedures by which the Board carries out its responsibilities. Among the areas addressed by the Governance Guidelines are Board composition, Board functions and responsibilities, Board committees, director qualification standards, director resignations, director retirements, access to management and independent advisors, director compensation, management succession, director orientation and continuing education and Board and committee performance evaluations. The Board's Nominating and Corporate Governance Committee is responsible for assessing and periodically reviewing the adequacy of the Governance Guidelines and will recommend to the Board, as appropriate, proposed changes to the Governance Guidelines.

The Governance Guidelines can be found on our website at www.mfafinancial.com. We will also provide the Governance Guidelines, free of charge, to stockholders who request them. Requests should be directed to the attention of our Secretary at MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017.

TABLE OF CONTENTS

Majority Voting for Directors/Director Resignation Policy. Our Bylaws provide that a nominee for director will be elected by receiving the affirmative vote of a majority of the total votes cast for and against the election of such nominee in a non-contested election (i.e., where the number of nominees is the same as the number of directors to be elected).

Under the terms of our Governance Guidelines, if a nominee for director who is an incumbent director is not elected by the vote required in our Bylaws, the director is required to promptly tender to the Board his or her offer to resign from the Board. Upon recommendation of the Nominating and Corporate Governance Committee, the Board, will decide whether or not to accept such offer to resign, and thereafter, it will promptly and publicly disclose its decision. The nominee may address the Board, but may not be present during deliberations or voting on whether to accept the nominee's resignation. If the Board determines not to accept the director's offer to resign, the director will continue to serve on the Board until the next annual meeting of stockholders and until the director's successor is duly elected and qualified or until the director's earlier resignation or removal. The Board may consider any factors it deems relevant in deciding whether to accept a director's resignation.

In a contested election, the director nominees who receive a plurality of votes cast are elected as directors. Under the plurality standard, the number of individuals equal to the number of directorships to be filled who receive more votes than other nominees are elected to the board, regardless of whether they receive a majority of votes cast.

Director Retirement Policy. The Governance Guidelines provide that no person who has reached the age of 75 at the time of their election or appointment may be elected or appointed as a director.

Overboarding Policy. The Governance Guidelines provide that directors who also serve as a chief executive officer or hold an equivalent position at another company should not serve on more than two other boards of public companies in addition to the Board, and other directors should not serve on more than four other boards of public companies in addition to the Board. In addition, a director appointed to the Audit Committee of the Board may not serve on more than two additional audit committees for publicly listed companies.

Review and Approval of Transactions with Related Persons

The Board has adopted written policies and procedures for review, approval and monitoring of transactions involving the Company and "related persons" (directors and executive officers, stockholders beneficially owning greater than 5% of our outstanding capital stock or immediate family members of any of the foregoing). The policy covers any related person transaction that meets the minimum threshold for disclosure in the Proxy Statement under the relevant rules of the SEC (generally, transactions involving amounts exceeding \$120,000 in which a related person has a direct or indirect material interest). A summary of these policies and procedures is set forth below:

Policies

- Any covered related party transaction must be approved by the Board or by a committee of the Board consisting solely of disinterested directors. In considering the transaction, the Board or committee will consider all relevant factors, including, as applicable, (i) our business rationale for entering into the transaction; (ii) the available alternatives; (iii) whether the transaction is on terms comparable to those available to or from third parties; (iv) the potential for the transaction to lead to an actual or apparent conflict of interest; and (v) the overall fairness of the transaction to the Company.
- On at least an annual basis, the Board or committee will monitor the transaction to assess whether it is advisable for the Company to amend or terminate the transaction.

Procedures

- Management or the affected director or executive officer will bring the matter to the attention of the Chair of the Audit Committee or, if the Chair of the Audit Committee is the affected director, to the attention of the Chair of the Nominating and Corporate Governance Committee.

TABLE OF CONTENTS

- The appropriate committee Chair shall determine whether the matter should be considered by the Board or by a committee of the Board consisting solely of disinterested directors.
- If a director is involved in the transaction, he or she will be recused from all discussions and decisions about the transaction.
- The transaction must be approved in advance whenever practicable and, if not practicable, must be ratified as promptly as practicable.
- If a transaction that has been entered into without prior approval is not ratified, the Board or committee may consider additional action, in consultation with counsel, including, but not limited to, with respect to transactions that are pending or ongoing, termination of the transaction on a prospective basis or modification of the transaction in a manner that would permit it to be ratified by the Board or committee, and with respect to transactions that are completed, rescission of such transaction and/or disciplinary action.

Identification of Director Candidates

In accordance with the Governance Guidelines and its charter, the Nominating and Corporate Governance Committee is responsible for identifying and evaluating director candidates for the Board and for recommending director candidates to the Board for consideration as nominees to stand for election at our annual meetings of stockholders. Director candidates are nominated to stand for election to the Board in accordance with the procedures set forth in the written charter of the Nominating and Corporate Governance Committee.

We seek highly-qualified director candidates from diverse business, professional and educational backgrounds who combine a broad spectrum of experience and expertise with a reputation for the highest personal and professional ethics, integrity and values. The Nominating and Corporate Governance Committee periodically reviews the appropriate skills and characteristics required of our directors in the context of the current composition of the Board, our operating requirements and the interests of the Company. In accordance with the Governance Guidelines, director candidates should have experience in positions with a high degree of responsibility and decision making, be able to exercise good business judgment, be able to provide practical wisdom and mature judgment and be leaders in the companies or institutions with which they are affiliated. The Nominating and Corporate Governance Committee reviews director candidates with the objective of assembling a slate of directors that can best fulfill and promote our goals and recommends director candidates based upon contributions they can make to the Board and management and their ability to represent MFA's long-term interests and those of its stockholders.

Although we do not have a formal written diversity policy, the Nominating and Corporate Governance Committee considers diversity of race, ethnicity, gender, age, cultural background, professional experiences, expertise and education in evaluating director candidates for Board membership. We believe that director diversity is, and will continue to be, an important component relating to the Board's composition, as multiple and varied backgrounds and points of view contribute to a more informed and effective decision-making process.

Upon determining the need for additional or replacement Board members, the Nominating and Corporate Governance Committee identifies director candidates and assesses such director candidates based upon information it receives in connection with the recommendation or which it otherwise possesses, which may be supplemented by certain inquiries. In conducting this assessment, the Nominating and Corporate Governance Committee considers knowledge, experience, skills, diversity and such other factors as it deems appropriate in light of our then current needs and those of the Board. If the Nominating and Corporate Governance Committee determines, in consultation with other directors, that a more comprehensive evaluation is warranted, the Nominating and Corporate Governance Committee may then obtain additional information about a director candidate's background and experience, including by means of personal interviews. The Nominating and Corporate Governance Committee will then re-evaluate the director candidate using its evaluation criteria. The Nominating and Corporate Governance Committee receives input on such director candidates from other directors and recommends director candidates to the Board for nomination. The Nominating and Corporate Governance Committee may, in its sole discretion, engage one or more search firms and/or other consultants, experts or professionals to assist in, among other things,

TABLE OF CONTENTS

identifying director candidates or gathering information regarding the background and experience of director candidates. If the Nominating and Corporate Governance Committee engages any such third party, the Nominating and Corporate Governance Committee will have sole authority to approve any fees or terms of retention relating to these services.

The Nominating and Corporate Governance Committee accepts stockholder recommendations of director candidates and applies the same standards in considering director candidates submitted by stockholders as it does in evaluating director candidates recommended by members of the Board or management. Stockholders may make recommendations at any time, but recommendations of director candidates for consideration as director nominees at our next annual meeting of stockholders must be received not less than 120 days before the first anniversary of the date of the proxy statement for the prior year's annual meeting of stockholders. Accordingly, to submit a director candidate for consideration for nomination at our 2025 Annual Meeting of Stockholders, stockholders must submit the recommendation, in writing, by no later than the close of regular business hours on December 20, 2024. The written notice must demonstrate that it is being submitted by a stockholder of MFA and include information about each proposed director candidate, including name, age, business address, principal occupation, principal qualifications and other relevant biographical information. In addition, the stockholder must provide confirmation of each recommended director candidate's consent to serve as a director and contact information for each director candidate so that his or her interest can be verified and, if necessary, to gather further information.

Communications with the Board

The Board has established a process by which stockholders and/or other interested parties may communicate in writing with our directors, a committee of the Board, the Board's non-employee directors as a group or the Board generally. Any such communications may be sent to the Board by U.S. mail or overnight delivery and should be directed to the attention of our Secretary at MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017, who will forward them to the intended recipient(s). Any such communications may be made anonymously. Unsolicited advertisements, invitations to conferences or promotional materials, in the discretion of our Secretary, are not required, however, to be forwarded to the directors. The Board has approved this communication process.

Executive Sessions of Independent Directors

The independent directors serving on the Board meet in executive session at least four times per year at regularly scheduled meetings of the Board. These executive sessions of the independent directors are presided over by Laurie S. Goodman, in her capacity as the non-executive Chair of the Board.

Corporate Responsibility: Social and Environmental Considerations

MFA understands the importance of incorporating environmental and social considerations into its business and day-to-day operations, and we appreciate the increased interest of our stockholders in these matters. We consider the interests of all our stakeholders — our stockholders, employees, lenders and other counterparties, vendors and community — in pursuing the long-term success and best interests of our business.

Social Considerations

MFA's primary social considerations and impacts relate to our investment activity and human capital management, both of which are critical to our success as an organization.

Investment Activity

As a provider of private capital to the U.S. housing market through our investments in residential mortgages, our business enhances liquidity in the residential real estate mortgage markets and, in turn, facilitates homeownership in the United States. As of December 31, 2023, MFA had approximately \$9.8 billion in aggregate mortgage and mortgage-related investments.

Human Capital Management

As an employer, we have a responsibility to our most important asset, our employees. We recognize the importance of ongoing communication and engagement with our employees through direct channels, facilitated by our relatively small employee base. We are committed to providing our employees an engaging, supportive and inclusive atmosphere in which to grow professionally and contribute. We are also committed to promoting equality and further increasing diversity within our workforce. In this regard, we were proud to have been one of 483 companies across a variety of business sectors in 45 countries and regions that was included in the 2023 Bloomberg Gender-Equality Index, which recognizes companies committed to transparency in gender reporting and advancing gender equality. 2023 was the fourth consecutive year in which MFA received this accolade. In addition, during 2023 MFA was certified as a Great Place to Work™ by Great Place to Work® Institute for the third consecutive year based on the results of an anonymous survey of our employees. We have also been recognized and included in the 50/50 Women on Boards Gender Diversity and Directory Index since 2019, and women comprise more than half the number of directors on our Board.

Board and Committee Matters

Board of Directors

The Board is responsible for directing the management of our business and affairs. The Board conducts its business through meetings and actions taken by unanimous written consent in lieu of meetings. During the year ended December 31, 2023, the Board held seven meetings and acted eleven times by unanimous consent in lieu of a meeting. Each of our directors then serving on the Board attended at least 75% of the meetings of the Board (and of the Board's committees on which they then served) that were held in 2023. All directors then serving on the Board attended our 2023 Annual Meeting of Stockholders. The Board's policy, as set forth in our Governance Guidelines, is to encourage and promote the attendance by each director at all scheduled meetings of the Board and all meetings of our stockholders.

Committees of the Board

The Board has three standing committees: the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee.

Audit Committee. Francis J. Oelerich III (Chair), Laurie S. Goodman, Robin Josephs and Lisa Polsky are currently the members of the Audit Committee. The Board has determined that all of the members of the Audit Committee are independent as required by the NYSE listing standards, SEC rules governing the qualifications of audit committee members, the Governance Guidelines, the Independence Standards, the written charter of the Audit Committee and our Bylaws. The Board has also determined, based upon its qualitative assessment of their relevant levels of knowledge and business experience (see "Election of Directors" beginning on page [20](#) of this Proxy Statement for a description of their respective backgrounds and experience), that each of Mr. Oelerich, Ms. Goodman, Ms. Josephs and Ms. Polsky qualifies as an "audit committee financial expert" for purposes of, and as defined by, SEC rules and has the requisite accounting or related financial management expertise required by the NYSE listing standards. In addition, the Board has determined that all of the members of the Audit Committee are financially literate as required by the NYSE listing standards. During 2023, the Audit Committee met eight times and acted once by unanimous consent in lieu of meeting.

The Audit Committee is responsible for, among other things, engaging our independent registered public accounting firm, reviewing with the independent registered public accounting firm the plans and results of their audit engagement, approving professional services to be provided by the independent registered public accounting firm, reviewing the independence of the auditors, considering the range of audit and non-audit fees, reviewing the adequacy of our internal controls, accounting and reporting practices and assessing the quality and integrity of our consolidated financial statements. In accordance with its charter, the Audit Committee has a policy requiring that the terms of all auditing and non-auditing services to be provided by our independent registered public accounting firm be pre-approved by the Audit Committee. The Audit Committee also reviews and evaluates the scope of all non-auditing services to be provided by our independent registered public accounting firm in order to confirm that such services are permitted by the rules and/or regulations of the NYSE, the SEC, the Financial Accounting Standards Board or other similar governing bodies. The specific responsibilities of the Audit Committee are set forth in its charter, which can be found on our website at www.mfafinancial.com.

Compensation Committee. Robin Josephs (Chair), Francis J. Oelerich III, Sheila A. Stamps and Richard C. Wald are currently the members of the Compensation Committee. The Board has determined that all of the members of the Compensation Committee are independent as required by the NYSE listing standards, SEC rules governing the independence of compensation committee

members, the Governance Guidelines, the Independence Standards, the written charter of the Compensation Committee and our Bylaws. During 2023, the Compensation Committee met six times and acted six times by unanimous consent in lieu of a meeting.

The Compensation Committee is responsible for, among other things, overseeing the design, approval, administration and evaluation of MFA's compensation plans, policies and programs and reviewing and establishing the compensation of our directors and executive officers. The specific responsibilities of the Compensation Committee are set forth in its charter, which can be found on our website at www.mfafinancial.com.

Compensation Committee Interlocks and Insider Participation. There are no compensation committee interlocks and no insider participation in compensation decisions that are required to be reported under the rules and regulations of the Securities Exchange Act of 1934, as amended (the "Exchange Act").

Nominating and Corporate Governance Committee. Lisa Polsky (Chair), Laurie S. Goodman, Sheila A. Stamps and Richard C. Wald are currently the members of the Nominating and Corporate Governance Committee. The Board has determined that all of the members of the Nominating and Corporate Governance Committee are independent as required by the NYSE listing standards, the Governance Guidelines, the Independence Standards, the written charter of the Nominating and Corporate Governance Committee and our Bylaws. During 2023, the Nominating and Corporate Governance Committee met five times.

The Nominating and Corporate Governance Committee is responsible for, among other things, assisting the Board in identifying individuals qualified to become Board members, recommending to the Board the director nominees to stand for election by our stockholders, recommending to the Board the directors to serve on each of the Board's committees, developing and recommending to the Board the corporate governance principles and guidelines applicable to the Company and directing the Board in an annual review of its performance. The specific responsibilities of the Nominating and Corporate Governance Committee are set forth in its charter, which can be found on our website at www.mfafinancial.com.

We will provide the charter of any of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee, free of charge, to stockholders who request them. Requests should be directed to the attention of our Secretary at MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017.

Report of the Audit Committee

The Audit Committee of the Board is responsible for monitoring, on behalf of the Board, the integrity of MFA's consolidated financial statements, the Company's system of internal controls, the performance, qualifications and independence of its independent registered public accounting firm and its compliance with related legal and regulatory requirements. The Audit Committee has the sole authority and responsibility to select, determine the compensation of, evaluate the performance of and, when appropriate, replace MFA's independent registered public accounting firm. The Audit Committee operates under a written charter adopted by the Board.

Management has the primary responsibility for the Company's financial reporting process, including the system of internal controls, for the preparation of consolidated financial statements in accordance with accounting principles generally accepted in the United States and for the report on the Company's internal control over financial reporting. KPMG LLP, the Company's independent registered public accounting firm, is responsible for performing an independent audit of (i) the Company's annual consolidated financial statements and expressing an opinion as to their conformity with accounting principles generally accepted in the United States and (ii) the effectiveness of the Company's internal control over financial reporting and expressing an opinion with respect thereto. The Audit Committee's responsibility is to oversee and review the financial reporting process and to review and discuss management's report on the Company's internal control over financial reporting. The Audit Committee is not, however, professionally engaged in the practice of accounting or auditing and does not provide any expert or other special assurance as to such financial statements concerning compliance with laws, regulations or accounting principles generally accepted in the

TABLE OF CONTENTS

United States or as to auditor independence. The Audit Committee relies, without independent verification, on the information provided to it and on the representations made by the Company's management and our independent registered public accounting firm.

During 2023, the Audit Committee held eight meetings. The meetings were designed, among other things, to facilitate and encourage communication among the Audit Committee, management, KPMG LLP, the Company's independent registered public accounting firm, and Grant Thornton LLP, the Company's internal auditing firm.

The Audit Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2023, and the related report prepared by KPMG LLP, with management and KPMG LLP. The Audit Committee discussed with KPMG LLP and Grant Thornton LLP the overall scope and plans for their respective audits, including internal control testing under Section 404 of the Sarbanes-Oxley Act of 2002. The Audit Committee also reviewed and discussed with management, KPMG LLP and Grant Thornton LLP management's annual report on MFA's internal control over financial reporting and the report prepared by KPMG LLP with respect to its audit of MFA's internal control over financial reporting. The Audit Committee met with KPMG LLP and Grant Thornton LLP, with and without management present, to discuss the results of their examinations, their evaluations of MFA's internal control environment and the overall quality of MFA's financial reporting.

The Audit Committee reviewed and discussed with KPMG LLP its audit plan for MFA and their proposed implementation of this plan. The Audit Committee also discussed with KPMG LLP matters that independent accounting firms are required to communicate to audit committees under the rules of the SEC, generally accepted auditing standards and standards of the Public Company Accounting Oversight Board ("PCAOB"), including, among other things, matters related to the conduct of the audit of MFA's consolidated financial statements and the matters required to be discussed by Auditing Standard No. 16, as adopted by the PCAOB, which included a discussion of KPMG LLP's judgments about the quality (not just the acceptability) of MFA's accounting principles as applied to financial reporting.

The Audit Committee also discussed with KPMG LLP its independence from the Company. KPMG LLP provided to the Audit Committee the written disclosures and the letter required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence and represented that it is independent from MFA. When considering the independence of KPMG LLP, the Audit Committee considered whether services provided by KPMG LLP, beyond those rendered in connection with its audit of MFA's consolidated financial statements, its reviews of MFA's interim condensed consolidated financial statements included in MFA's quarterly reports on Form 10-Q and its audit of the effectiveness of MFA's internal control over financial reporting, were compatible with maintaining its independence. The Audit Committee reviewed and approved the audit and other professional services performed by, and the amount of fees paid for such services to, KPMG LLP.

The Audit Committee has adopted policies and procedures for the pre-approval of auditing and non-auditing services for the purpose of maintaining the independence of MFA's independent registered public accounting firm. The Audit Committee received periodic updates on the amount of fees and scope of audit and other professional services provided.

Based on the Audit Committee's review and the outcome of these meetings, discussions and reports, and subject to the limitations on the Audit Committee's role and responsibilities referred to above and in its written charter, the Audit Committee recommended to the Board, and the Board has approved, that MFA's audited consolidated financial statements for the fiscal year ended December 31, 2023, be included in the Company's Annual Report on Form 10-K filed with the SEC and 2023 Annual Report to Stockholders. The Audit Committee has also selected and appointed KPMG LLP as MFA's independent registered public accounting firm for the fiscal year ending December 31, 2024, and is presenting this appointment to the Company's stockholders for ratification.

The foregoing Report of the Audit Committee shall not be deemed under the Securities Act of 1933, as amended, or the Exchange Act to be (i) "soliciting material" or "filed" or (ii) incorporated by reference by any general statement into any filing made by us with the SEC, except to the extent that we specifically incorporate such report by reference.

Compensation of Non-Employee Directors

Pursuant to the terms of its charter, the Compensation Committee is responsible for reviewing and making recommendations to the Board with respect to the compensation of the non-employee directors (the “Non-Employee Directors”) on the Board.

At present, we have the following compensation program for Non-Employee Directors:

- an annual cash retainer of \$100,000, which retainer is payable in equal quarterly installments in arrears.
- an annual grant to each director under the Company’s Equity Compensation Plan of fully-vested shares of our Common Stock or fully-vested stock units (“RSUs”) with a grant value of \$150,000.
- an annual cash retainer for service on one or more committees of the Board pursuant to which each member of the Board’s (i) Audit Committee (other than the Audit Committee Chair) receives \$15,000 per year, (ii) Compensation Committee (other than the Compensation Committee Chair) receives \$15,000 per year and (iii) Nominating and Corporate Governance Committee (other than the Nominating and Corporate Governance Committee Chair) receives \$5,000 per year. These fees are payable in equal quarterly installments in arrears.
- an annual cash fee of (i) \$35,000 per year paid to the Chair of the Board’s Audit Committee, (ii) \$35,000 per year paid to the Chair of the Board’s Compensation Committee and (iii) \$20,000 per year paid to the Chair of the Board’s Nominating and Corporate Governance Committee, which fees are payable in equal quarterly installments in arrears.
- an additional annual grant to the non-executive Chair of the Board of fully-vested shares of our Common Stock or fully-vested RSUs with a grant date value of \$115,000.

Our Non-Employee Directors may also participate in our Fourth Amended and Restated 2003 Non-Employee Directors’ Deferred Compensation Plan (the “Non-Employee Directors Plan”), which allows participants to elect to defer receipt of 50% or 100% of their annual cash fees and to elect whether to receive their equity-based compensation in the form of fully-vested shares of our Common Stock or fully-vested RSUs. Under the Non-Employee Directors Plan, cash amounts that are deferred are deemed to be converted into hypothetical “stock units,” which do not represent our capital stock, but rather the right to receive a cash payment equal to the fair market value of an equivalent number of shares of Common Stock. Deferred amounts (and the resultant hypothetical stock units), together with any dividend equivalents credited to outstanding stock units, increase or decrease in value as would an equivalent number of shares of Common Stock and are settled in cash at the termination of the deferral period, based on the value of the stock units at that time. Cash amounts deferred are generally subject to an initial five-year deferral period, which may be extended for an additional five years if the Non-Employee Director so elects. To the extent a Non-Employee Director elects to take their equity compensation in the form of RSUs, such RSUs will settle, in shares of Common Stock on a one-for-one basis after an initial five-year deferral period (subject to an additional five-year deferral if the director so elects).

TABLE OF CONTENTS

The following table summarizes the compensation of our Non-Employee Directors for the year ended December 31, 2023.

2023 Non-Employee Director Compensation

Name	Fees Earned or Paid in Cash \$(1)	Stock/RSU Awards \$(2)	Total \$(3)
Laurie S. Goodman	120,000	265,000	385,000
Robin Josephs	150,000	150,000	300,000
Francis J. Oelerich III	150,000	150,000	300,000
Lisa Polsky	133,750	150,000	283,750
Sheila A. Stamps	120,000	150,000	270,000
Richard C. Wald	120,000	150,000	270,000

1. Amounts in this column represent, as applicable, the annual board retainer fees, annual committee chair fees and committee membership fees earned or paid to Non-Employee Directors for service in 2023. For Ms. Goodman and Mr. Wald, amount includes cash fees that the director elected to defer under the Non-Employee Directors Plan.
2. Amounts in this column represent the aggregate grant date fair value of such stock or RSU awards computed in accordance with FASB ASC Topic 718. During 2023, each Non-Employee Director was granted 13,358 fully-vested RSUs on June 7, 2023 (based on a price per share of \$11.23, which was the closing price of the Common Stock on such day). In addition, Ms. Goodman, our non-executive Board Chair, was granted an additional 10,240 fully-vested RSUs on June 7, 2023 (based on the same price). The right to receive dividend equivalents was factored into the grant date fair value of the fully-vested RSUs reported in this column. A discussion of the assumptions underlying the calculation of RSU values may be found in Note 12 to our Consolidated Financial Statements on pages 118 to 122 of our 2023 Annual Report on Form 10-K.
3. Total compensation for Non-Employee Directors does not include dividend equivalents (which consist of a cash distribution equal to the cash dividend paid on a share of Common Stock) paid during 2023 in respect of the fully-vested RSUs granted to Ms. Goodman, Ms. Josephs, Mr. Oelerich, Ms. Polsky, Ms. Stamps and Mr. Wald.

The following table summarizes certain additional information regarding cash amounts deferred by our Non-Employee Directors participating in the Non-Employee Directors Plan as of December 31, 2023.

Richard C. Wald	216,803	—	216,803	419,996

1. Amounts in this column represent the value of compensation deferred by the director (including dividend equivalents credited to hypothetical stock units) from the inception of the individual director's elected participation in the Non-Employee Directors Plan, less cash distributions, if any, made at the termination of any elected deferral and payment period before the effect of distributions, if any, made during 2023. Amounts in this column represent the fair market value of stock units in the director's deferred compensation account (including dividend equivalents credited to hypothetical stock units) based on the closing price of the Common Stock of \$9.85 per share as reported on the NYSE on December 30, 2022 (the last trading day of the year).
2. Amounts in this column represent the value of the director's deferred compensation account under the Non-Employee Directors Plan following the distributions, if any, made on January 15, 2023.
3. Amounts in this column represent the fair market value at December 31, 2023, of hypothetical stock units in the director's deferred compensation account (including dividend equivalents credited to outstanding stock units) based upon the closing price of the Common Stock of \$11.27 per share reported on the NYSE on December 29, 2023 (the last trading day of the year), under the Non-Employee Directors Plan.

The Non-Employee Directors are subject to a share retention/alignment requirement pursuant to which each Non-Employee Director is required to hold and maintain equity in MFA, which could include Common Stock and/or RSUs under the Non-Employee Directors Plan (collectively, the "Equivalent Shares"), in an amount equal to no less than three times (3x) the annual cash retainer

(currently \$100,000 per year) payable to Non-Employee Directors. Generally, this retention requirement must be met within five years after becoming a director. As of the Record Date (close of business on April 8, 2024), all of our directors (other than Ms. Stamps, who was elected to the Board in December 2021) have met this retention requirement.

Non-employee directors are also eligible to receive other grants of Common Stock and phantom shares, as well as grants of stock options, under the Company's Equity Compensation Plan. We also reimburse all Non-Employee Directors for reasonable travel and other expenses incurred in connection with attending Board, committee and stockholder meetings and other Company-sponsored events and/or other activities in which they engage or participate on our behalf. In addition, we provide all Non-Employee Directors with up to \$500,000 of accidental death and dismemberment insurance while traveling to or attending Board, committee and stockholder meetings and other Company-sponsored events. Directors who are employees of the Company (currently, only Mr. Knutson) are not entitled to receive additional compensation for serving on the Board.

Proposal 1. Election of Directors

Board of Directors

In accordance with our Charter and Bylaws, the Board is currently comprised of seven (7) directors, Laurie S. Goodman, Robin Josephs, Craig L. Knutson, Francis J. Oelerich III, Lisa Polsky, Sheila A. Stamps and Richard C. Wald, and it is divided into three classes.

One class of directors is elected at each annual meeting of our stockholders for a term of three (3) years. Each director holds office until his or her successor has been duly elected and qualified or the director's earlier resignation, death or removal. The term of the Board's Class II directors expires at the Annual Meeting. The terms of the other two classes of directors expire at MFA's 2025 Annual Meeting of Stockholders (Class III directors) and MFA's 2026 Annual Meeting of Stockholders (Class I directors).

Upon the recommendation of the Nominating and Corporate Governance Committee of the Board, Ms. Josephs, Mr. Knutson and Ms. Stamps have been nominated by the Board to stand for election as Class II directors by the stockholders at the Annual Meeting to serve a term until our 2027 Annual Meeting of Stockholders and until their respective successors are duly elected and qualify. Ms. Josephs, Mr. Knutson and Ms. Stamps are currently directors of MFA, and each has consented to stand for election at the Annual Meeting.

If the candidacy of Ms. Josephs, Mr. Knutson or Ms. Stamps should, for any reason, be withdrawn prior to the Annual Meeting, the proxies will be voted by the proxy holders in favor of such substituted candidate or candidates (if any) as shall be nominated by the Board or the Board may determine to reduce its size.

The Board has no reason to believe that Ms. Josephs, Mr. Knutson or Ms. Stamps would be unable or unwilling to serve as Class II directors.

Set forth below is a summary of self-identified diversity characteristics for each of our directors, including Ms. Josephs, Mr. Knutson and Ms. Stamps, the nominees for election at the Annual Meeting. We also provide the same for our continuing Class I and Class III directors. The Board has determined that all of our current directors are qualified to serve as directors of the Company. The biographies of each of the Board's nominees standing for election or re-election and of our continuing directors, which follow below, contain information regarding each person's service as a director, business experience and education, director positions held currently or at any time during the last five years and the experience, qualifications, attributes or skills that caused the Board and the Nominating and Corporate Governance Committee to determine that the person should serve as a director.

In addition to the specific information set forth in their respective biographies, we believe that each of our directors also possesses the tangible and intangible attributes and skills that are important to being an effective director on the Board, including experience in areas of expertise relevant and beneficial to our business and industry, a willingness and commitment to assume the responsibilities required of a director of the Company and the character and integrity we expect of directors of the Company.

Proposal 2. Ratification of Appointment of Independent Registered Public Accounting Firm

On March 6, 2024, the Audit Committee of the Board appointed KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2024.

The Board is asking stockholders to ratify the Audit Committee's appointment of KPMG LLP for 2024. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company.

KPMG LLP first audited our financial statements beginning with the year ended December 31, 2011.

One or more representatives of KPMG LLP are expected to be present at the Annual Meeting and will be provided with an opportunity to make a statement if so desired and to respond to appropriate inquiries from stockholders.

Executive Compensation

Compensation Discussion and Analysis (“CD&A”)

Introduction

The following section discusses the key features of our executive compensation program and the approach taken by the Compensation Committee of the Board in setting and determining compensation for 2023 for:

- Craig L. Knutson, our Chief Executive Officer and President;
- Gudmundur Kristjansson, one of our Senior Vice Presidents and Co-Chief Investment Officer;
- Bryan Wulfsohn, one of our Senior Vice Presidents and Co-Chief Investment Officer;
- Michael C. Roper, one of our Senior Vice Presidents and our Chief Financial Officer; and
- Harold E. Schwartz, one of our Senior Vice Presidents and our General Counsel and Secretary (collectively, our “Named Executive Officers”).

Mr. Roper was appointed our Chief Financial Officer effective September 15, 2023. Per the rules of the SEC, we are also including in this CD&A and the compensation tables that follow information relating to the compensation paid for 2023 to our former Chief Financial Officer, Stephen D. Yarad, who resigned his employment with MFA effective September 15, 2023.

The Compensation Committee oversees the design and administration of our compensation programs and makes decisions relating to the compensation of our Named Executive Officers. The Compensation Committee intends that the compensation paid to the Named Executive Officers be consistent with our overall compensation philosophy, as well as competitive with market practices.

The sections that follow describe:

- The Compensation Committee’s process for reviewing the components of the compensation of the Named Executive Officers.
- The reasons for paying each element of compensation to the Named Executives Officers, including the methodology for competitive benchmarking and the use of peer groups.
- How compensation levels are determined, including the performance measures used for performance-based compensation and factors taken into account in the Compensation Committee’s determination that those measures are appropriate.

2023 Compensation Summary

It is the Compensation Committee’s role to review the Company’s executive compensation plans and programs and, after noting the outcome of the most recent stockholder advisory vote on executive compensation, make compensation decisions it believes are appropriate. Among other things, below is a summary of certain of the determinations made by the Compensation Committee with respect to 2023 compensation matters, and in particular with respect to Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn, our three most senior and most highly compensated employees, each of whom has an employment agreement with us. These items are discussed further within this CD&A and in the executive compensation tables and notes to the tables and other narratives regarding compensation matters, all of which follow.

TABLE OF CONTENTS

- **MFA delivered strong, operating and financial performance during 2023 despite the ongoing global volatility in interest rates throughout the year.** For the second consecutive year, the U.S. economy and financial markets were significantly impacted as a result of, among other factors, the Federal Reserve's continued actions (particularly in the first half of the year) to increase the Fed Funds rate in an attempt to reduce inflationary pressures. Interest rate and credit sensitive companies such as MFA and its mortgage REIT peers were not immune to the impact of the Federal Reserve's actions.

Nonetheless, through active portfolio management, including hedging and securitization activities, we were able to add to our investment assets, maintain a strong balance sheet and mitigate the impact of the volatile interest rate environment on our cost of funds. Among other items, our 2023 performance included the following:

- GAAP net income was approximately \$80.2 million, as compared to a GAAP net loss of approximately \$231.6 million in 2022.
 - We delivered total stockholder return (including reinvestment of dividends) of 30.7%.
 - We paid quarterly dividends of \$0.35 per common share throughout 2023, totaling \$1.40 per common share.
 - We added approximately \$3.4 billion of our target investment assets (including business purpose mortgage loans, Non-QM residential whole loans and Agency mortgage-backed securities) at increasingly attractive yields throughout the year.
 - The yield on our average interest-earning assets increased by nearly 100 basis points to 6.16%, up from 5.20% in 2022. At the same time, through our continued focus on hedging and liability management that we began in 2022 limited the impact of volatile markets, as our cost of funds (including the impact of interest rate swaps) rose only approximately 40 basis points to approximately 4.1% at December 31, 2023.
 - Interest income totaled \$605.6 million, as compared to interest income of \$482.4 million in 2022.
 - We continued to prioritize liquidity and prudent management of recourse leverage, closing the year with approximately \$318 million in unrestricted cash and low recourse leverage (i.e., the ratio of our financing liabilities (excluding non-recourse securitized debt) to net equity) of 1.7:1. Including securitized debt, our overall leverage was 4.5:1 at December 31, 2023.
 - We continued to increase our non-mark-to-market financing to 78% of our total asset-based financing at December 31, 2023, from 67% at the end of 2022 (which, among other things, reduced our exposure to margin calls).
 - Similar to year-end 2022, at year-end 2023, approximately 99% of our asset-based financing costs were effectively fixed rate, an increase from 58% at the end of 2021, which we accomplished through securitization transactions and interest rate swaps over the past two years.
 - We completed eight securitization transactions, across multiple mortgage loan types, totaling \$2.2 billion unpaid principal balance (UPB) of loans, which reflected the continued execution on our strategy to reduce our reliance on shorter-term, mark-to-market funding of our investment portfolio in favor of longer-term, non-mark-to-market funding.
- **In accordance with pay-for-performance principles, 2023 annual incentive compensation for Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn was primarily determined formulaically by MFA's 2023 financial performance.** Mr. Knutson was paid overall annual incentive compensation for the 2023 Performance Period (December 1, 2022 to November 30, 2023) of \$1,827,325. Mr. Knutson's annual incentive compensation for 2023 reflected a payment to him of 91.4% of his overall "target" annual incentive award of \$2,000,000 for 2023, as compared to the overall annual incentive compensation of \$2,250,000 paid to him for the 2022 performance period, which reflected a payment of 112.5% of his overall "target" annual incentive award for that year (which "target" was also \$2,000,000).

In addition, Mr. Kristjansson and Mr. Wulfsohn were each paid overall annual incentive compensation for the 2023 Performance Period of \$1,005,029. Similar to Mr. Knutson's annual incentive award, each of Mr. Kristjansson's and Mr. Wulfsohn's annual incentive compensation for 2023 reflected a payment to the executive of 91.4% of his overall

TABLE OF CONTENTS

"target" annual incentive award of \$1,100,000 for 2023, as compared to the overall annual incentive compensation of \$1,068,750 paid to each executive for the 2022 performance period, which reflected a payment of approximately 112.5% of his overall "target" annual incentive award for that year (which "target" was \$950,000 for 2022).

The decrease in annual incentive compensation for each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn for 2023 as compared to 2022 was a reflection of a decrease for the 2023 Performance Period in the component of each executive's annual bonus that is formulaically determined as compared to the formulaically-determined portion of their bonus for the 2022 performance period, which was driven principally by the Compensation Committee's decision to increase the performance levels required to achieve the "target" and "maximum" payouts under this component of the bonus for the 2023 Performance Period. The decrease in annual incentive compensation for each executive was also driven by the Compensation Committee's determination to decrease the payout level of the discretionarily determined component of each executive's compensation.

- ***Year-end vesting and realized value of long-term incentive awards granted to Named Executive Officers in 2021 were adversely affected by the substantial decline in the price of MFA's Common Stock over the course of the three-year vesting and performance period for such awards.*** The substantial overall decline in our Common Stock price suffered during the three-year period ended December 31, 2023, had a negative impact on the realized value of the time-based restricted stock units ("TRSUs") that had been granted to our Named Executive Officers in early 2021 and vested at the end of 2023. The decline in our stock price also had a negative impact on the vesting and realized value of the performance-based restricted stock units ("PRSUs") granted in early 2021 with a three-year performance period that ended December 31, 2023. More specifically, at their vesting on December 31, 2023, the value of the TRSUs that had been granted to each Named Executive Officer in early 2021 had declined approximately 25% from the TRSUs' grant date value (see 2023 Realized Compensation table below). In addition, as a result of the absolute and relative performance of MFA's Common Stock during the three-year period ended December 31, 2023, approximately 93.9% of the "target" number of PRSUs granted to the Named Executive Officers in early 2021 ultimately vested, such that the actual value realized on the PRSUs reflected 90.7% of the grant date value of the "target" number of PRSUs (see 2023 Realized Compensation below).
- ***60% of 2023 long-term equity awards to Named Executive Officers were performance-based.*** Of the long-term equity-based incentive awards (in the form of TRSUs and PRSUs) granted to each of the Named Executive Officers in January 2023, approximately 60% (as measured by grant date value) were performance-based awards that will "cliff" vest based on our absolute TSR (in the case of one-half of such awards) and our TSR relative to a group of internally- and externally-managed residential mortgage REITs (in the case of the other half of such awards), in each case for the three-year period from January 1, 2023 to December 31, 2025, with the number of awards to ultimately vest ranging from zero to two times a "target" number. The remaining approximately 40% of the long-term equity-based incentive awards granted to our Named Executive Officers were time-based awards that "cliff" vest after three years. These long-term awards act to further align the interests of our management team and our stockholders over a multi-year period. The long-term equity awards granted to each of the Named Executive Officers during 2023 are further described on pages [43](#) to [45](#) and pages [47](#) to [49](#) of this Proxy Statement under the heading "2023 Long-Term Equity-Based Incentive Awards."
- ***Consistent with MFA's pay-for-performance philosophy, the overall compensation realized by each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn was below the overall target opportunity for each executive.*** As identified above, the decline in our stock price had a significant impact on the compensation actually realized by our three most highly compensated executives. The table below summarizes the grant value and realized value of the principal components of compensation that was paid or vested during 2023.

2023 Realized Compensation

2. PRSUs were granted in early 2021 and vested on December 31, 2023, at 93.9% of “target” number of awards. Value realized is based on our closing stock price (\$11.27 per share) as of December 29, 2023 (the last trading day of the year). Value realized excludes dividend equivalents to be paid on settlement of vested awards in January 2025. Per the terms of the PRSUs, no dividends are paid on unvested awards.
 - **Consistent with MFA’s performance-based compensation philosophy, approximately 87.8% of the CEO’s 2023 compensation was at-risk.** As in past years, our Named Executive Officers’ compensation for 2023 was allocated among base salary, annual incentive compensation comprised of a formulaically determined bonus based on two measures of adjusted return on average equity (“ROAE”) and a discretionary bonus (IRM Bonus), TRSUs and PRSUs. For the 2023 Performance Period, Mr. Knutson received direct compensation aggregating approximately \$6.64 million, which was comprised of a base salary in the amount of \$800,000, a Distributable Earnings ROAE Bonus (as discussed below) in the amount of \$1,202,325, an IRM Bonus (as discussed below) in the amount of \$625,000, TRSUs with an aggregate grant date value of approximately \$1,600,000 and PRSUs with an aggregate grant date value of approximately \$2,400,000. Mr. Knutson did not earn an Adjusted GAAP ROAE Bonus (as discussed below) for the 2023 Performance Period. Of the total compensation received by Mr. Knutson for 2023, approximately 39.8% was paid in cash and 60.2% was granted in the form of TRSUs and PRSUs, and approximately 87.8% of 2023 compensation was “at-risk”.

Consideration of 2023 Advisory Vote on Executive Compensation

At our Annual Meeting of Stockholders held in June 2023, 96.1% of the votes cast with respect to the say-on-pay proposal voted to approve our executive compensation for 2022. The Compensation Committee has reviewed the results of the 2023 say-on-pay vote and believes that the significant support of MFA stockholders in this vote reflects support for MFA’s approach to executive compensation.

The Compensation Committee will continue to consider the outcome of future Say-on-Pay votes and other stockholder input, as well as available market data, in making future decisions regarding executive compensation.

Compensation Philosophy and Objectives

Through our executive compensation programs, we seek to attract, motivate and retain top quality senior executives who are committed to our core values of excellence and integrity. The Compensation Committee’s fundamental philosophy is to closely align these compensation programs with the achievement of annual and long-term performance goals tied to our financial success and the creation of stockholder value.

TABLE OF CONTENTS

The Compensation Committee's principal objectives in developing and administering the executive compensation programs are to:

- Align the interests of the senior executive team with the interests of our stockholders by motivating executives to increase long-term stockholder value consistent with appropriate levels of leverage and risk;
- Retain, motivate and attract a highly skilled senior executive team that will contribute to the successful performance of the Company;
- Provide compensation opportunities that are competitive within industry standards thereby reflecting the value of the executive's particular position in the marketplace;
- Support a culture committed to paying for performance where compensation is commensurate with the level of risk-adjusted returns that are achieved; and
- Maintain a high degree of flexibility and discretion to allow us to recognize the unique characteristics of our operations and strategy and our prevailing business environment, as well as changing labor market dynamics.

The Compensation Committee periodically reviews and evaluates executive officer compensation levels and our compensation program. It is the Compensation Committee's view that compensation decisions are complex and best made after a deliberative review of Company and individual performance, as well as industry compensation levels. Consistent with this view, the Compensation Committee assesses our performance within the context of the industry's overall performance and internal performance standards and evaluates individual executive officer performance relative to the performance expectations for each such individual's respective position, role and responsibilities within MFA.

Compensation Benchmarking/Use of Peer Groups

The Compensation Committee benchmarks from time to time the compensation levels and practices relating to our Named Executive Officers and other executive officers against industry-based compensation levels and practices. While it is the Compensation Committee's goal to provide compensation opportunities that reflect Company and individual performance and that are competitive within industry standards, the Compensation Committee has not established a specific target market percentile for executive officer pay levels, as pay practices and compensation levels among participants in our industry can vary significantly from one year to the next such that the use of a specific target market position would not necessarily reflect the Compensation Committee's assessment of performance as the primary driver of pay levels.

The Compensation Committee has, in general, undertaken an annual review of MFA's peer group methodology. The Compensation Committee has engaged in these reviews in part because it historically had been difficult to develop a peer group for executive compensation purposes in the residential mortgage REIT sector due to the significant number of companies in the sector that were, until the last few years, externally advised. These externally advised companies had few, if any, employees that were compensated directly and/or fully by the REIT. Rather, such persons' compensation was paid by the external manager of the REIT, and as a result, the REIT itself was required to disclose publicly little to no compensation information regarding its executives. Furthermore, the Compensation Committee believed that any peer group for compensation purposes that was comprised solely of internally advised residential mortgage REITs would not have been a large enough group to provide meaningful comparative information. In light of the "internalization" of several residential mortgage REITs over the past few years, additional compensation information has become available for the Compensation Committee to consider as it makes decisions regarding the structure, design and pay levels of our executive compensation program. Nonetheless, a significant number of companies in the residential mortgage REIT sector continue to remain externally advised, which limits the amount of compensation information that is available to inform the Compensation Committee.

Because of the limited compensation information available for mortgage REITs, the Compensation Committee has developed a peer group that extends beyond mortgage REITs. This peer group also includes a number of other real estate-focused finance companies in both the residential and commercial sectors, the executives of which are required to have similar skills and experience as the executives of MFA, including the evaluation of credit risk, interest rate risk and allocation of capital (which are skills required in

TABLE OF CONTENTS

connection with the evaluation of residential whole loans, business purpose loans, residential mortgage-backed securities and other residential mortgage-related assets). In addition, the Compensation Committee has also considered for inclusion in the peer group companies that identify MFA as a peer, that identify peers as peers in their own peer group, and companies that have, in prior years, been identified by the proxy advisory firms as being comparable to MFA in their evaluation of MFA in connection with developing their annual Say-on-Pay vote recommendation.

The Compensation Committee notes that the peer group does not include externally managed mortgage REITs because comprehensive compensation data for their executives are generally not publicly available. In addition, the Compensation Committee has not included generally higher-paying private equity firms and hedge funds with which MFA must compete for executive talent. These organizations have not been included in the peer group because they have different business economics and pay models from ours and because comprehensive compensation data for these firms are generally not publicly available.

With the above in mind, in the summer of 2023, the Compensation Committee, in consultation with its independent consultant, Frederic W. Cook & Co., Inc. ("FW Cook"), identified the following companies against which Company performance would be compared and compensation practices would be reviewed (the majority of which are the same companies identified by the Compensation Committee to inform its 2022 compensation decisions):

AGNC Investment Corp. (AGNC)	Ladder Capital Corp. (LADR)
Arbor Realty Trust, Inc. (ABR)	Mr. Cooper Group, Inc. (COOP)
BrightSpire Capital, Inc. (BRSP)	New York Mortgage Trust, Inc. (NYMT)
Broadmark Realty Capital, Inc. (BRMK)	PennyMac Financial Services, Inc. (PFSI)
Chimera Investment Corporation (CIM)	Redwood Trust, Inc. (RWT)
Dynex Capital Inc. (DX)	Two Harbors Investment Corp. (TWO)
Granite Point Mortgage Trust (GPMT)	Walker & Dunlop, Inc. (WD)

For 2023, the Compensation Committee removed Virtus Investment Partners Inc. from the peer group to prioritize companies with business activities viewed as most directly comparable to those of MFA. Except for the removal of Virtus Investment Partners, the Compensation Committee made no other modifications to the companies comprising the peer group for 2023 from those that it had used to inform its compensation decisions in 2022.

Components of Compensation

The Compensation Committee believes that it is important to create compensation programs that appropriately balance short-term, cash-based compensation with long-term, equity-based compensation. Our executive officer compensation program includes the following primary components:

- Base salaries paid in cash, which are based on the scope of the executive's role, the responsibilities associated with the position and the individual's performance in that role, as well as competitive market practices;
- Annual bonus awards, which are paid in cash, are intended to motivate and reward the Company's short-term financial and operational performance, as well as short-term individual performance; and
- Long-term incentive awards ("LTIs"), which are designed to support our objectives of aligning the interests of executive officers with those of our stockholders, promote value creation and long-term performance and retain executive officers.

In addition to the primary components of the executive officer compensation program, we maintain our Senior Officers Deferred Bonus Plan (the "Senior Officers Plan"). The Senior Officers Plan (a description of which can be found on pages [49](#) and [60](#) of this

TABLE OF CONTENTS

Proxy Statement) permits our executive officers to defer, at their election, up to 100% of their annual bonus compensation in the form of hypothetical "stock units". The performance of the deferred stock units is tied to the performance of our Common Stock. At present, none of our executive officers has any amounts deferred under the Senior Officers Plan.

We do not provide perquisites or other benefits to our Named Executive Officers, as the Compensation Committee believes in prioritizing variable, at-risk compensation. Our Named Executive Officers receive the same benefits available to our other salaried employees (a summary of which can be found on page 11 of this proxy statement).

The discussion below regarding our primary elements of compensation and the Compensation Committee's decisions for 2023 reflects the terms and conditions of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn's employment agreements that were in effect during 2023. Likewise, the discussion regarding Mr. Roper and Mr. Schwartz reflects their compensation arrangements with the Company for 2023.

Key Elements of Compensation

As indicated above, the compensation of our Named Executive Officers is comprised of three principal elements, summarized in the following chart:

Element	Key Features	Purpose

The following discussion provides additional explanation about each of the elements of compensation described above.

Base Salary. We provide the Named Executive Officers with annual base salaries to provide them with a base level of guaranteed compensation for their services provided during the term of their employment. From time to time, the Compensation Committee reviews market analyses and considers the advice of its independent compensation consultant in setting base salaries.

Consistent with the Compensation Committee's overall philosophy, the compensation program for the Named Executive Officers is expected to continue to emphasize incentive compensation over base salary. However, the Compensation Committee does not have a pre-set mix or target of base salary to incentive compensation awards for the Named Executive Officers.

Annual Incentives. For 2023, we had the following types of annual incentive programs for our Named Executive Officers:

- Pursuant to the terms of his employment agreement, a portion of each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn's annual incentive award was formulaically determined based on the achievement of objective performance goals established by the Compensation Committee and a lesser portion of each executive's annual incentive award was determined based on the discretion of the Compensation Committee. As described below, each component of Messrs. Knutson, Kristjansson and Wulfsohn's respective annual incentive award has a "target" level and the amount of the award that is ultimately paid could be higher or lower than the target.
- Each of Mr. Roper and Mr. Schwartz was eligible for a discretionary annual incentive award based on a subjective assessment by the Compensation Committee, in consultation with Mr. Knutson, of MFA's annual performance and the annual performance of each individual executive. For Mr. Roper and Mr. Schwartz, no pre-set "target" level for their respective annual incentive award was established. For 2023, the Compensation Committee believed that a discretionary incentive opportunity for these Named Executive Officers provided the committee with flexibility in assessing and rewarding individual performance and individual contributions. Nonetheless, in determining the annual incentive award for Mr. Schwartz for 2023, the Compensation Committee used as a guide an approach and methodology similar to that used to determine the annual incentive awards for Messrs. Knutson, Kristjansson and Wulfsohn.

Annual Incentive Award for Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn

Pursuant to the terms of the employment agreements that we have in place with each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn, each executive was eligible to receive an annual performance-based bonus based on the Company's and his individual performance during the 2023 Performance Period (i.e., the 12-month period beginning on December 1, 2022, and ending on November 30, 2023). Under the terms of his employment agreement Mr. Knutson's "target" annual bonus (the "Overall Target Bonus") for the 2023 Performance Period was \$2,000,000 (which was unchanged from his Overall Target Bonus for the 2022 performance period), and each of Mr. Kristjansson's and Mr. Wulfsohn's Overall Target Bonus for the 2023 Performance Period was \$1,100,000 (which reflected an increase of \$150,000 from each executive's Overall Target Bonus for the 2022 performance period). The Compensation Committee's determination to increase the Overall Target Bonus of each of Mr. Kristjansson and Mr. Wulfsohn followed a review of market data, including the compensation opportunities of comparably situated executives at companies in the Company's peer group discussed above.

TABLE OF CONTENTS

Each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfohn's respective employment agreement provides that his annual bonus is comprised of two components:

- the major portion of the bonus is payable based on the achievement of objective performance goals established by the Compensation Committee on an annual basis, which may include performance goals based on ROAE as well as other objective performance measures that the Compensation Committee shall determine are appropriate for a given performance period. For the 2023 Performance Period, the Compensation Committee established performance goals based on two measures of ROAE, as adjusted: Adjusted GAAP ROAE and Adjusted Distributable Earnings ROAE (each as described below) (with the bonuses based on such measures hereinafter referred to as the "Adjusted GAAP ROAE Bonus" and the "Distributable Earnings ROAE Bonus" and together, the "Formulaic Bonus"); and
- a lesser portion of the bonus is payable based on the executive's individual performance, Company performance and the Company's risk management (referred to as the "IRM Bonus").

Formulaic Bonus

With respect to the Formulaic Bonus, for the 2023 Performance Period the target amount of the Formulaic Bonus (the "Target Formulaic Bonus") for Messrs. Knutson, Kristjansson and Wulfohn was equal to 75% of his Overall Target Bonus. Based on his Overall Target Bonus, for the 2023 Performance Period Mr. Knutson's Target Formulaic Bonus was \$1,500,000, with one-half (\$750,000) of the Target Formulaic Bonus allocated to the Adjusted GAAP ROAE Bonus and one-half (\$750,000) allocated to the Distributable Earnings ROAE Bonus. Similarly, based on Mr. Kristjansson's and Mr. Wulfohn's Overall Target Bonus, for the 2023 Performance Period each executive's Target Formulaic Bonus was \$825,000, with one-half (\$412,500) of the Target Formulaic Bonus allocated to the Adjusted GAAP ROAE Bonus and one-half (\$412,500) allocated to the Distributable Earnings ROAE Bonus. Each of Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfohn's respective employment agreement provides that he is eligible to receive from zero to 200% of his Target Formulaic Bonus.

Calculation of Adjusted GAAP ROAE. For the 2023 Performance Period, the determination of the Adjusted GAAP ROAE Bonus was based on a methodology that reflects certain adjustments to GAAP net income and GAAP stockholders' equity. For purposes of determining the 2023 Adjusted GAAP ROAE Bonus, "Adjusted GAAP ROAE" was calculated by dividing (i) our net income for the 2023 Performance Period as determined in accordance with GAAP (but excluding the impact of non-cash, non-operating expense items such as depreciation expense, amortization of intangible assets and such other non-cash expense items as may be determined by the Compensation Committee of the Board) ("Adjusted GAAP Earnings") by (ii) our average total stockholders' equity (based on stockholders' equity as of the last day of each month during the performance period) as determined in accordance with GAAP (but excluding accumulated other comprehensive income (or loss), stockholders' equity attributable to preferred stock, goodwill and intangible assets and such other items as may be determined by the Compensation Committee) ("Adjusted Average Equity").

Calculation of Adjusted Distributable Earnings ROAE. The determination of the Distributable Earnings ROAE Bonus was based on a methodology that makes use of the distributable earnings measure of Company's operating performance. For purposes of determining the Distributable Earnings ROAE Bonus, the calculation of distributable earnings is determined using the same methodology used by the Company in reporting distributable earnings in its quarterly financial results, but excludes the impact of depreciation expense ("Adjusted Distributable Earnings"). More specifically, for purposes of determining the 2023 Distributable Earnings ROAE Bonus, "Adjusted Distributable Earnings ROAE" was calculated by dividing (i) Adjusted Distributable Earnings by (ii) Adjusted Average Equity.

Distributable earnings (as reported by the Company in its quarterly financial results) is determined by adjusting GAAP net income/(loss) by removing certain unrealized gains and losses, primarily on residential mortgage investments, associated debt, and hedges that are, in each case, accounted for at fair value through earnings, certain realized gains and losses, as well as certain non-cash expenses and securitization-related transaction costs. The transaction costs are primarily comprised of costs only incurred at the time of execution of our securitizations and include costs such as underwriting fees, legal fees, diligence fees, bank fees and

TABLE OF CONTENTS

other similar transaction related expenses. As indicated above, for purposes of determining the Distributable Earnings ROAE Bonus, the calculation of Adjusted Distributable Earnings also excludes the impact of depreciation expense.

Use of Adjusted GAAP ROAE and Adjusted Distributable Earnings ROAE. The Compensation Committee has, from time to time, reviewed the appropriateness of using return on common equity (or a measure derived therefrom) as a principal financial metric on which to evaluate Company performance and, in turn, on which to determine a portion of the annual bonuses for our CEO and certain other senior executives. The Compensation Committee believes that return on common equity is an appropriate measure to evaluate annual Company performance and to serve as the basis for determining Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfsohn's annual bonus (but with the adjustments to the calculation of such measure as described above). As a company whose primary source of earnings is income from the performance of investments in real estate-related debt, the Compensation Committee believes that return on common equity generally provides an appropriate measurement of our financial performance.

The Compensation Committee, with the assistance of FW Cook, periodically reviews the overall structure of the annual incentive component of our most senior executives' compensation. The Compensation Committee continues to believe that it is appropriate to use, in large part, a formulaic approach for the determination of our most senior executives' bonuses (which approach was first adopted in 2014) with a methodology continuing to be based on measures of return on common equity. This belief is premised in large part on the nature of MFA's business model, which has continued to focus on investing in residential mortgages, mortgage-related debt instruments and other mortgage-related assets. Returns that MFA can earn on new real estate-related debt investments are, to a certain extent, correlated with the market-driven interest rates for these and other types of debt instruments (which rates depend, among other factors, on the perceived risk of these investments). These market-driven interest rates are typically analyzed as the risk-free interest rate for investment in U.S. Treasury obligations (or other debt backed by the full faith and credit of the United States) with a comparable duration (which is a measure of the price sensitivity of an asset to changes in interest rates) plus an incremental risk premium above the risk-free rate.

Formulaic Bonus for 2023. In an effort to address year-to-year changes in our operating environment and changes in our business and the mix of our investment assets, as well as to retain flexibility to refine the use of ROAE to respond to changes in financial conditions, the Compensation Committee sets performance goals and targets on an annual basis, which may include performance goals based on ROAE as well as other objective performance measures. For the 2023 Performance Period, the Compensation Committee, in consultation with FW Cook, determined that it was appropriate, similar to 2022, to base Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfsohn's Formulaic Bonus not only on the achievement of performance goals with respect to Adjusted GAAP ROAE (which has been the measure historically used by the Compensation Committee), but also to base a portion of the Formulaic Bonus on the achievement of performance goals with respect to Adjusted Distributable Earnings ROAE.

The Compensation Committee's determination to use a measure of ROAE based on Adjusted Distributable Earnings is based on the belief that Adjusted Distributable Earnings is a meaningful measure of MFA's operating performance, as the calculation of Adjusted Distributable Earnings for purposes of determining the Distributable Earnings ROAE Bonus excludes, principally, the impact of unrealized gains and losses on the Company's investment assets, which can be amplified in volatile interest rate markets and may distort the earnings potential of such investment assets (which the Board factors into the determination of dividends on the Common Stock) and longer-term performance of these investment assets. In this regard, the Compensation Committee believed the use of Adjusted Distributable Earnings ROAE would be a particularly meaningful measure to evaluate Company performance, in light of the volatility in interest rates that began to assert itself in the fourth quarter of 2021 and continued throughout 2022 and 2023.

TABLE OF CONTENTS

With the above in mind, the Compensation Committee established the following levels of Adjusted GAAP ROAE for the purpose of determining the amount of the Adjusted GAAP ROAE Bonus that could be earned by each executive for the 2023 Performance Period:

- The “Adjusted GAAP ROAE Target” (i.e., the level of Company financial performance at which the “target” Adjusted GAAP ROAE Bonus would be earned) for the 2023 Performance Period would be 8.25% (as calculated as described above), which reflected an increase of 1.75% over the Adjusted GAAP ROAE Target for the 2022 performance period.
- No Adjusted GAAP ROAE Bonus would be earned if Adjusted GAAP ROAE was less than 3.0% (the “threshold” Adjusted GAAP ROAE level) for the 2023 Performance Period, which reflected no change from the threshold performance level for this metric for the 2022 performance period.
- The maximum Adjusted GAAP ROAE Bonus (i.e., 200% of the target Adjusted GAAP ROAE Bonus) for each executive would be earned to the extent that Adjusted GAAP ROAE was in excess of 16.0% for the 2023 Performance Period, which reflected an increase of 3.0% over the analogous metric for the 2022 performance period.

To the extent that our Adjusted GAAP ROAE for the 2023 Performance Period were to be greater than the threshold Adjusted GAAP ROAE level of 3.0% but less than 16%, then the executive would be paid a multiple of between zero and two times his target Adjusted GAAP ROAE Bonus, with the executive being paid the target amount (\$750,000 in the case of Mr. Knutson and \$412,500 in the case of each of Mr. Kristjansson and Mr. Wulfsohn) to the extent that MFA’s Adjusted GAAP ROAE equaled the Adjusted GAAP ROAE Target for the 2023 Performance Period.

In addition, the Compensation Committee established the following levels of Adjusted Distributable Earnings ROAE for the purpose of determining the amount of the Distributable Earnings ROAE Bonus that could be earned by each executive for the 2023 Performance Period:

- The “Adjusted Distributable Earnings ROAE Target” (i.e., the level of Company financial performance at which the “target” Distributable Earnings ROAE Bonus would be earned) for the 2023 Performance Period would be 8.25% (as calculated as described above), which reflected an increase of 0.25% over the Adjusted Distributable Earnings ROAE Target for the 2022 performance period.
- No Distributable ROAE Earnings Bonus would be earned if Adjusted Distributable Earnings ROAE was less than 5.5% (the “threshold” Adjusted Distributable Earnings ROAE level) for the 2023 Performance Period, which reflected no change from the threshold performance level for this metric for the 2022 performance period.
- The maximum Distributable Earnings ROAE Bonus (i.e., 200% of the target Distributable Earnings ROAE Bonus) for each executive would be earned to the extent that Adjusted Distributable Earnings ROAE was in excess of 13.5% for the 2023 Performance Period, which reflected an increase of 2.5% over the analogous metric for the 2022 performance period.

To the extent that MFA’s Adjusted Distributable Earnings ROAE for the 2023 Performance Period were to be greater than the threshold Adjusted Distributable Earnings ROAE level of 5.5% but less than 13.5%, then the executive would be paid a multiple of between zero and two times his target Distributable Earnings ROAE Bonus, with the executive being paid the target amount (\$750,000 in the case of Mr. Knutson and \$412,500 in the case of each of Mr. Kristjansson and Mr. Wulfsohn) to the extent that MFA’s Adjusted Distributable Earnings ROAE equaled the Adjusted Distributable Earnings ROAE Target for the 2023 Performance Period.

The Compensation Committee considered several factors in establishing the Adjusted GAAP ROAE target of 8.25% and the Adjusted Distributable Earnings ROAE Target of 8.25% for the 2023 Performance Period. In particular, prior to establishing the performance levels for threshold, target and maximum payouts for each component of the Formulaic Bonus, the Compensation Committee reviewed and was informed by the Company’s internal forecasts for 2023, which were presented to it and the full Board. Based on the Compensation Committee’s review of the forecast, as well as its consideration of the investing and interest rate environment at the time of its review (which reflected a generally higher level of market rates of interest as compared to the prior year), the Compensation Committee believed that the prior year’s Adjusted GAAP ROAE “target” of 6.5% was no longer appropriate and that a higher Adjusted

TABLE OF CONTENTS

GAAP ROAE target was merited in order to properly incent management, while not encouraging it to undertake undue risks to achieve target performance. At the same time, the Compensation Committee recognized that in light of the methodology used to calculate Adjusted Distributable Earnings, an Adjusted Distributable Earnings ROAE target of 8.25% (as compared to an analogous target of 8.0% for the 2022 performance period) was a level that would appropriately incent management for the 2023 Performance Period.

IRM Bonus

The Compensation Committee continues to believe that it is also important for the committee to retain a discretionary component of the annual incentive award process in order to be able to factor non-objective and non-quantifiable measures into the bonus decision-making process. With this in mind under the terms of Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfsohn's employment agreements, for each performance period, the target amount of each executive's IRM Bonus (the "Target IRM Bonus") is equal to 25% of his Overall Target Bonus. For the 2023 Performance Period, the Target IRM Bonus for Mr. Knutson was \$500,000 (which was unchanged from the Target IRM Bonus of \$500,000 for the 2022 performance period), and the Target IRM Bonus for each of Mr. Kristjansson and Mr. Wulfsohn was \$275,000 (which reflected an increase of \$37,500 from each executive's Target IRM Bonus of \$237,500 for the 2022 performance period). Each executive's employment agreement provides that he is eligible to receive from zero to 200% of his respective Target IRM Bonus.

The actual amount of the IRM Bonus to be paid to each of Messrs. Knutson, Kristjansson and Wulfsohn is determined by the Compensation Committee in its discretion based upon factors it deems relevant and appropriate, including, without limitation, MFA's leverage strategy relative to other similarly situated companies as well as relative to its own business plan, our total stockholder return ("TSR") (both on an absolute basis, as well as relative to relevant indices and other similarly situated companies), overall management of risk and asset selection in generating our returns and the executive's individual performance.

Long-Term Incentive Awards. Under our Equity Compensation Plan the Compensation Committee has available to it a portfolio of equity compensation vehicles, including shares of Common Stock, RSUs, dividend equivalent rights, stock options and other stock-based awards. The Compensation Committee uses this incentive compensation program to award Named Executive Officers with long-term incentives, including in connection with entering into or extending the term of employment agreements or other employment arrangements. The Compensation Committee makes these awards in its discretion without any pre-set target levels; however, in determining LTIA's, the Compensation Committee may consider the advice of its compensation consultant.

LTIA's to Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn

Under the terms of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn's employment agreement as in effect during the 2023 Performance Period, each executive was entitled to a grant of RSUs, consisting of TRSUs and a "target" amount of PRSUs. More specifically, for 2023, Mr. Knutson was granted TRSUs with a grant date value of approximately \$1,600,000 (as compared to \$1,280,000 for 2022) and a "target" number of PRSUs with a grant date value of approximately \$2,400,000 (as compared to \$1,920,000 for 2022), and each of Mr. Kristjansson and Mr. Wulfsohn was granted TRSUs with a grant date value of approximately \$690,000 (as compared to \$400,000 for 2022) and a "target" number of PRSUs with a grant date value of approximately \$1,035,000 (as compared to \$600,000 for 2022).

The increase in the grant date values of the TRSU and PRSU awards to each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn in 2023 reflected the Compensation Committee's determination to increase the overall compensation opportunity for each executive following the committee's review of available market data with respect to similarly situated executives at comparable companies, including those in the peer group identified by the Compensation Committee. The Compensation Committee believes that using long-term equity as the principal means to increase the executives' overall compensation opportunity meets the Compensation Committee's objectives of employee retention and aligning management's interests with those of the Company's stockholders.

TRSUs. Subject to exceptions in certain circumstances described below in "Potential Payments upon Termination of Employment or Change in Control" found on pages [64](#) to [68](#) of this Proxy Statement, each grant of TRSUs to each executive will vest on the third December 31st to occur following the date of grant, subject to his continued employment with the Company. In addition, subject to

TABLE OF CONTENTS

exceptions in certain circumstances, unvested TRSUs will be forfeited as of the date of his termination of employment with the Company. Upon vesting, each executive will receive one share of our Common Stock for each TRSU that vests. With respect to the TRSU grants made in 2023, the executives do not receive dividend equivalent payments as and when dividends are paid on our Common Stock during the period in which TRSUs are outstanding. Rather, to further the retention value of such awards, each executive is credited with an amount, per TRSU, equal to the amount of dividends declared, which will be paid in cash following the vesting of the TRSU at the end of the three-year vesting period.

PRSUs. Subject to exceptions in certain circumstances described below in “Potential Payments upon Termination of Employment or Change in Control,” each grant of PRSUs to each executive will vest on the last day of the applicable three-year performance period, subject to the achievement of the TSR-based objectives described below and his continued employment with the Company.

Of the target amount of PRSUs granted to each executive under his employment agreement, one-half of such target amount will vest based on the Company’s level of absolute TSR (“Absolute TSR”) during the applicable three-year performance period (such PRSUs referred to as the “Absolute TSR PRSUs”) and one-half of such target amount will vest based on the Company’s level of TSR during the applicable three-year performance period relative to the TSR of a peer group of companies (“Relative TSR”) designated by the Compensation Committee at the time of each grant (such PRSUs referred to as the “Relative TSR PRSUs”).

With respect to the Absolute TSR PRSUs, the actual number of PRSUs that will be earned and that will vest will be based on the level of our cumulative total stockholder return (i.e., share price appreciation or depreciation, as the case may be, plus dividends divided by initial share price) relative to an average 8% per annum simple TSR (assuming no reinvestment of dividends) for the three-year performance period beginning on January 1st of the year of grant (e.g., the performance period for the PRSUs granted in 2023 is January 1, 2023 through December 31, 2025). To determine the actual number of PRSUs that will be earned and will vest, the “target” amount of each grant of PRSUs will be adjusted up or down at the end of the applicable three-year performance period based on the Company’s cumulative TSR relative to an average 8% per annum simple TSR objective from 0% of the target amount (reflecting 0% per annum TSR during the performance period) to up to 200% of the target amount (reflecting an average of 16% per annum (or higher) TSR during the performance period), with 100% of the target amount being earned and vesting if TSR of an average 8% per annum is achieved during the performance period.

With respect to the Relative TSR PRSUs, the actual number of PRSUs that will be earned and that will vest will be based on the Company’s cumulative TSR during the applicable three-year performance period beginning on January 1st of the year of grant as compared to the cumulative TSR of designated peer group companies for such performance period. To the extent that the Company’s TSR rank is less than or equal to the 25th percentile when compared to the TSR of the members of the peer group, each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn will vest in 0% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company’s TSR rank is in the 50th percentile, each executive will vest in 100% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company’s TSR rank is greater than or equal to the 80th percentile, each executive will vest generally in 200% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company’s TSR ranking falls in between the percentiles identified above, the number of Relative TSR PRSUs that vest will be interpolated.

With respect to the Relative TSR PRSUs, regardless of the Company’s TSR rank, in no event will an executive vest in more than 100% of the target number of Relative TSR PRSUs to the extent the Company’s absolute TSR for the applicable performance period is less than zero.

PRSUs that do not vest at the end of an applicable performance period will be forfeited. Upon vesting, each executive will receive one share of the Company’s common stock for each PRSU that vests, provided that the fair market value of the shares of Common Stock delivered upon settlement may not exceed 400% of the grant date value of the PRSUs granted in respect of the completed performance period. Any PRSUs that vest are subject to an additional one year deferral prior to settlement, subject to accelerated payout under certain circumstances.

[TABLE OF CONTENTS](#)

Dividend equivalents are not paid in respect of the PRSUs during the performance period. Rather, dividend equivalents accrue with respect to the PRSUs during the performance period, and to the extent that the underlying PRSUs vest, an amount equal to the accrued dividend equivalents related to the vested PRSUs will be paid to each executive in the form of additional shares of our Common Stock based on the closing price of the Common Stock on the vesting date.

2023 Compensation Decisions

The following discussion addresses the actions taken by the Compensation Committee during 2023 regarding the base salaries, annual incentives and long-term equity awards for the Named Executive Officers.

Base Salary

The Compensation Committee believes that the annual base salary paid in 2023 to each of the Named Executive Officers appropriately reflected the scope of the role and responsibilities of the applicable position, individual performance and experience and competitive market practices. The annual base salary for each of the Named Executive Officers during 2023 is set forth in the table below. The amount paid to Mr. Knutson reflected no adjustment to his base salary as compared to his base salary for 2022. The amounts paid to each of Mr. Kristjansson, Mr. Wulfohn and Mr. Schwartz reflected an increase of \$125,000, \$125,000 and \$20,000, respectively, to each such executive's base salary as compared to 2022, which the Compensation Committee determined to be appropriate following a review of market data.

Executive	2023 Base Salary \$
Craig L. Knutson	800,000
Gudmundur Kristjansson	625,000
Bryan Wulfohn	625,000
Michael C. Roper	350,000
Harold E. Schwartz	475,000

Annual Incentives

Messrs. Knutson, Kristjansson and Wulfohn. The annual incentive award opportunity for each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfohn consisted of both the formulaic ROAE Bonus and the discretionary IRM Bonus. A discussion of the Compensation Committee's determination of each of these components is set forth below.

Formulaic Bonus. Under the methodology for determining the Adjusted GAAP ROAE Bonus, which is described on pages [40](#) to [43](#) of this Proxy Statement, we had negative Adjusted GAAP ROAE for the 2023 Performance Period (December 1, 2022 to November 30, 2023), which was a result of our Adjusted GAAP Earnings for the period being negative. In light of the negative Adjusted GAAP ROAE, none of Mr. Knutson, Mr. Kristjansson or Mr. Wulfohn earned or was otherwise paid an Adjusted GAAP ROAE Bonus.

Under the methodology for determining the Distributable Earnings ROAE Bonus, Adjusted Distributable Earnings ROAE for the 2023 Performance Period was approximately 11.42%*.

The amount of the Distributable Earnings ROAE Bonus for each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfohn was determined by applying the Adjusted Distributable Earnings ROAE of 11.42%* to the methodology established by the Compensation Committee (see pages [40](#) to [43](#) above), with the result that each executive earned a Distributable Earnings ROAE Bonus that was equal to 160.3% of the target for this component of his Formulaic Bonus.

* **Adjusted Distributable Earnings and Adjusted Distributable Earnings ROAE are non-GAAP financial measures. See Appendix A for a reconciliation of each such measure to its comparable GAAP measure for the 2023 Performance Period.**

TABLE OF CONTENTS

The target amount of each component of the Formulaic Bonus, the percentage of the target amount earned and the total amount of the 2023 Formulaic Bonus earned by Messrs. Knutson, Kristjansson and Wulfsohn are set forth in the table below:

Executive	Adjusted GAAP ROAE Target Bonus \$	Adjusted GAAP ROAE Bonus Earned % of Target	Distributable Earnings ROAE Target Bonus \$	Distributable Earnings Bonus Earned % of Target	Total Formulaic Bonus Earned \$
Mr. Knutson	750,000	0%	750,000	160.3%	1,202,325
Mr. Kristjansson	412,500	0%	412,500	160.3%	661,279
Mr. Wulfsohn	412,500	0%	412,500	160.3%	661,279

IRM Bonus. The actual amount of the IRM Bonus paid to each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn was determined by the Compensation Committee in its discretion based upon its review of each executive's individual performance and overall company performance. In considering these factors, the Compensation Committee did not assign specific weightings to each, but instead considered them together as part of a comprehensive review.

Based on the above-described review, the Compensation Committee determined that an IRM Bonus for each executive that was in excess of the Target IRM Bonus was merited. The target amount of this component of annual bonus, the percentage of that target amount earned and the total amount of the 2023 IRM Bonus earned by Messrs. Knutson, Kristjansson and Wulfsohn is set forth in the following table:

Executive	Target IRM Bonus \$	IRM Bonus Earned %	2023 IRM Bonus Earned \$
Mr. Knutson	500,000	125%	625,000
Mr. Kristjansson	275,000	125%	343,750
Mr. Wulfsohn	275,000	125%	343,750

In determining the amount of Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfsohn's respective IRM Bonuses and its decision to pay out such bonuses at a level that was 125% of each such executive's Target IRM Bonus for the 2023 Performance Period, the Compensation Committee recognized the leadership of each executive in steering MFA through the volatile operating and financial environment that defined the 2023 Performance Period. In particular, the Compensation Committee recognized Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfsohn's efforts in managing the Company's investment portfolio, which resulted in its achieving a healthy level of Adjusted Distributable Earnings to support the Company's distributions to stockholders. The Compensation Committee also recognized the executives' efforts to manage the impact of the interest rate environment on the Company's cost of funding through an active hedging strategy, their successful efforts in continuing to execute securitization transactions even in the face of challenging and volatile market conditions in order to reduce the Company's reliance on shorter term, mark-to-market, recourse funding, and their focus on maintaining a healthy level of liquidity throughout the year to meet margin calls and other obligations and to give the Company the ability to take advantage of new investment opportunities. The Compensation Committee also recognized management's success in continuing to prudently managing credit risk in MFA's investment portfolio, overseeing the growth of the Company's Lima One Capital subsidiary, and maintaining and growing the Company's relationships with its most important lending counterparties throughout the year. In addition, the Compensation Committee recognized each executive's contribution to promoting the unity and focus of MFA's work force in a challenging operating environment and supporting and enhancing MFA's workplace culture, including increasing engagement with our employees and promoting various diversity, equity and inclusion initiatives in the organization.

TABLE OF CONTENTS

Mr. Roper. Mr. Roper is eligible to receive an annual performance bonus in such amount as approved by the Compensation Committee after receiving the input of our CEO. Annual incentive compensation for Mr. Roper is based upon subjective assessments and evaluation of MFA's annual performance and each executive's individual performance. After receiving the input of Mr. Knutson, the Compensation Committee approved an annual incentive bonus to Mr. Roper of \$550,000 for the 2023 Performance Period, all of which was paid in cash. Mr. Roper's bonus was based on, among other things, his integral role in the various financing and other transactions undertaken by the Company during 2023, his efforts in contributing to an efficient transition of the CFO role and responsibilities from Mr. Yarad to himself and his leadership in directing the activities performed by our finance and accounting staff in support of our business activities.

Mr. Schwartz. Mr. Schwartz is eligible to receive an annual performance bonus in such amount as approved by the Compensation Committee in its discretion. For the 2023 Performance Period, the Compensation Committee, with the input of Mr. Knutson, approved an annual incentive bonus for Mr. Schwartz of \$600,000, all of which was paid in cash. Although the amount of Mr. Schwartz's annual bonus was determined in the discretion of the Compensation Committee, in determining the level of his bonus, the Compensation Committee used a framework that was similar to the methodology that it used to determine the annual bonus amount for Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn for the 2023 Performance Period. In order to guide its decision making, the Compensation Committee, with the input of Mr. Knutson, assumed a hypothetical "target" overall bonus for Mr. Schwartz of \$600,000. The Compensation Committee then employed an illustrative scenario in which 25% of Mr. Schwartz's target would be tied to Adjusted GAAP ROAE, 25% would be tied to Adjusted Distributable Earnings ROAE and 50% of Mr. Schwartz's target would be tied to an assessment of the executive's individual performance and overall company performance. As this approach was a framework for its decision making, the Compensation Committee then used its judgment and discretion to adjust the outcome to arrive at the actual amount of Mr. Schwartz's bonus. The Compensation Committee believes that using a discretionary (rather than largely formulaic) approach for the determination of Mr. Schwartz's bonus is appropriate in light of his not having responsibility for the Company's investment decisions or management of its investment portfolio. Nonetheless, the Compensation Committee believes that, reflective of Mr. Schwartz' position as one of the most senior executives of the Company, it is appropriate that his bonus be informed by and aligned with not only his individual performance, but also with the financial performance of the Company. In this regard, in determining Mr. Schwartz's bonus, the Compensation Committee was guided by the ROAE measures indicated above and noted his integral role in the various financing and other transactions undertaken by the Company during 2023 and his leadership in directing the activities performed by our legal department in support of our business activities.

2023 Long-Term Equity-Based Incentive Awards

Mr. Knutson was granted RSUs, consisting of TRSUs with a grant date value of approximately \$1,600,000 and a "target" number of PRSUs with a grant date value of approximately \$2,400,000 in January 2023. In addition, in order to further align the interests of the other Named Executive Officers and foster their retention (and, in the case of Messrs. Kristjansson and Wulfsohn, in accordance with their employment agreements), the Compensation Committee also made awards of TRSUs and PRSUs to Messrs. Kristjansson, Wulfsohn, Roper and Schwartz in January 2023. For each Named Executive Officer, with respect to the target number of PRSUs, one-half of such target amount is comprised of Absolute TSR PRSUs and one-half is comprised of Relative TSR PRSUs.

- The TRSUs will "cliff" vest on December 31, 2025, subject solely to continued employment through the vesting date. Upon vesting, the executive will receive one share of our Common Stock for each TRSU that vests. The executives do not receive dividend equivalent payments in respect of the TRSUs as and when dividends are paid on our Common Stock during the period in which TRSUs are outstanding. Rather, to further the retention value of such awards, each executive is credited with an amount, per TRSU, equal to the amount of dividends declared, which will be paid in cash following the vesting of the TRSU at the end of the three-year vesting period.
- The Absolute TSR PRSUs will "cliff" vest on December 31, 2025, subject to the achievement of the average TSR objective described below and the executive's continued employment with the Company. The actual number of PRSUs that will be earned and will vest will be based on the level of the Company's cumulative total stockholder return (i.e., share price

TABLE OF CONTENTS

- appreciation or depreciation, as the case may be, plus dividends divided by initial share price) relative to an average 8% per annum simple TSR (assuming no reinvestment of dividends) for the three-year performance period beginning on January 1, 2023 and ending on December 31, 2025. To determine the actual number of Absolute TSR PRSUs that will be earned and will vest, the “target” amount of each grant of Absolute TSR PRSUs will be adjusted up or down at the end of the applicable three-year performance period based on the Company’s cumulative TSR relative to an 8% per annum simple TSR objective from 0% of the target amount (reflecting 0% per annum TSR during the performance period) to up to 200% of the target amount (reflecting an average of 16% per annum (or higher) TSR during the performance period), with 100% of the target amount being earned and vesting if TSR of an average 8% per annum is achieved during the performance period.
- The actual number of Relative TSR PRSUs that will be earned and that will vest will be based on the Company’s cumulative TSR during the applicable performance period beginning on January 1, 2023, and ending on December 31, 2025, as compared to the cumulative TSR of designated peer group companies (listed below) for such performance period. To the extent that the Company’s TSR rank is less than or equal to the 25th percentile when compared to the TSR of the members of the peer group, the executive will vest in 0% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company’s TSR rank is in the 50th percentile, the executive will vest in 100% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company’s TSR rank is greater than or equal to the 80th percentile, the executive will vest generally in 200% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company’s TSR ranking falls in between the percentiles identified above, the number of Relative TSR PRSUs that vest will be interpolated. Regardless of the Company’s TSR rank, in no event will an executive vest in more than 100% of the target number of Relative TSR PRSUs to the extent the Company’s absolute TSR for the applicable performance period is less than zero.

In choosing the companies for the Relative TSR PRSUs against whose TSR the Company’s TSR will be measured over the course of the three-year performance period, the Compensation Committee selected the internally- and externally-managed residential mortgage REITs listed below. We note that the companies selected by the Compensation Committee for the purposes of the Relative TSR PRSUs are not the same as the companies identified on page 37 of this proxy statement because TSR can be determined without regard to the availability of compensation information, which the Company’s externally-managed peers do not report. In addition, we note that companies that, during the three-year performance period, cease to be publicly traded companies will be removed from the group against which the Company’s TSR is ultimately evaluated at the end of the performance period.

AG Mortgage Investment Trust, Inc. (MITT)	Invesco Mortgage Capital Inc. (IVR)
AGNC Investment Corp. (AGNC)	New York Mortgage Trust Inc. (NYMT)
Annaly Capital Management, Inc. (NLY)	PennyMac Mortgage Investment Trust (PMT)
Arlington Asset Investment Corp. (AAIC)	Redwood Trust, Inc. (RWT)
Armour Residential REIT, Inc. (ARR)	Two Harbors Investment Corp. (TWO)
Chimera Investment Corporation (CIM)	Western Asset Mortgage Capital Corp. (WMC)
Dynex Capital, Inc. (DX)	

PRSUs that do not vest at the end of the performance period will be forfeited. Upon vesting, the executive will receive one share of the Company’s Common Stock for each PRSU that vests, provided that the fair market value of the shares of Common Stock delivered upon settlement may not exceed 400% of the grant date value of the PRSUs granted in respect of the completed performance period. Any PRSUs that vest are subject an additional one year deferral prior to settlement, subject to accelerated payout under certain circumstances.

TABLE OF CONTENTS

Dividend equivalents will not be paid on a current basis in respect of the PRSUs during the performance period. Rather, dividend equivalents will accrue with respect to the PRSUs during the performance period, and to the extent that the underlying PRSUs vest, an amount equal to the accrued dividend equivalents related to the vested PRSUs will be paid to the executive in the form of additional shares of Common Stock based on the closing price of the Common Stock on the vesting date.

The number and grant date fair value of TRSUs and PRSUs comprising the 2023 long-term equity-based awards granted to each of the Named Executive Officers are set forth in the table below:

Executive	TRSUs		PRSUs	
	#	Aggregate Grant Date Fair Value ⁽¹⁾ \$	#	Aggregate Grant Date Fair Value ⁽¹⁾ \$
Mr. Knutson	157,481	1,600,007	301,882	2,400,008
Mr. Kristjansson	67,914	690,006	130,187	1,035,006
Mr. Wulfsohn	67,914	690,006	130,187	1,035,006
Mr. Roper	15,749	160,010	30,189	240,007
Mr. Schwartz	26,575	270,002	50,944	405,012

Other Elements of Compensation. The following briefly summarizes the other elements of compensation that we provide to our Named Executive Officers beyond salary, annual incentives and long-term equity awards.

Deferred Compensation and Retirement Benefits. In December 2002, the Board adopted the Senior Officers Plan, which gives executive officers the ability to elect to defer up to 100% of their annual cash incentive compensation. Amounts deferred under this plan are subject to a five-year deferral period and can be paid in a lump sum or in installment payments at the termination of the deferral period. Amounts deferred under the plan are deemed to be converted into hypothetical “stock units” of MFA, which do not represent our capital stock, but rather the right to receive a cash payment equal to the fair market value of an equivalent number of shares of Common Stock. Deferred amounts (and the resultant hypothetical stock units), together with any cash dividend equivalents credited to outstanding stock units, increase or decrease in value as would an equivalent number of shares of Common Stock and are settled in cash at the termination of the deferral period, based on the value of the stock units at that time. Prior to the time that the deferred accounts are settled, participants are unsecured creditors of MFA.

The Named Executive Officers are also eligible to participate in our tax qualified retirement savings plan (the “401(k) Plan”) under which all full-time employees, subject to certain restrictions, are able to contribute compensation up to the limit prescribed by the Internal Revenue Service on a before tax basis. We match 100% of the first 3% of eligible compensation deferred by our employees and 50% of the next 2%, subject to a maximum (\$13,200 for 2023) as provided by Section 401(k) of the Internal Revenue Code of 1986, as amended (the “Code”). We have elected to operate this plan under applicable safe harbor provisions of the Code, whereby, among other things, we must make contributions for all participating employees, and all matches contributed by us vest immediately.

No Perquisites and Other Benefits. The Compensation Committee provides no perquisites and other benefits to the Named Executive Officers (other than those provided to all employees more generally). We do not provide a perquisite allowance to the Named Executive Officers, nor do we reimburse the Named Executive Officers for automobiles, clubs, financial planning, tax preparation, personal or home security or items of a similar nature. The Compensation Committee periodically reviews the appropriateness of perquisites in light of market practices, an individual executive’s particular facts and circumstances and within the context of the total compensation program. No actions were taken during 2023 regarding perquisites.

TABLE OF CONTENTS

The Named Executive Officers are eligible to participate in our employee health and welfare benefit programs that are generally available to all employees. Further, in accordance with the Code of Conduct, we do not make any loans to, or guarantee any personal loans of, the Named Executive Officers.

Compensation of Stephen D. Yarad

As indicated above, Mr. Yarad served as our Chief Financial Officer through the date of his resignation of employment effective September 15, 2023. Mr. Yarad received no payments or benefits in connection with his resignation. For 2023, Mr. Yarad was paid base salary in the amount of \$336,458 through the date of his resignation. Mr. Yarad was not paid any annual incentive compensation in respect of the 2023 Performance Period. In addition, upon his resignation, Mr. Yarad forfeited all unvested TRSUs and PRSUs that had been previously granted to him, including all TRSUs and PRSUs granted to him in each of January 2021, January 2022 and January 2023.

Other Features of Our Executive Compensation Program

Use of Employment Agreements. We have historically used written employment agreements with certain of our executive officers to evidence our mutual understanding regarding the key terms of employment, including the employment term, level of base salary, other elements of compensation, reasons for termination of employment before the end of the term, severance payments and post-employment covenants. At present, we have written employment agreements with three executive officers (Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn). The Compensation Committee believes that the use of employment agreements in certain instances helps the Company to retain key personnel responsible for the execution of MFA's strategies and the management of its operations and provides certain protections for MFA in the form of covenants restricting employment with a competitor and solicitation of our employees. Although the Compensation Committee has used written employment agreements to provide the Company and certain of its executives with certainty regarding the terms of employment and to encourage stability of key management, the Compensation Committee periodically discusses their merit in achieving these objectives and may, in its discretion, determine not to use written employment agreements in the future for certain or all of our employees. For additional details regarding the employment agreements of Messrs. Knutson, Kristjansson and Wulfsohn, including the circumstances in which severance is payable and the amount of such severance benefits, see "Employment Contracts" on pages 60 to 64 and "Potential Payments upon Termination of Employment or Change in Control" on pages 64 to 68 of this Proxy Statement.

The Compensation Committee believes that the written employment agreements have been responsibly structured, including as follows:

- Employment terms are renewable and may otherwise be terminated on an annual basis;
- Severance arrangements individually tailored for each executive depending on his role and for the applicable termination scenario;
- No "single trigger" or "modified single trigger" vesting of severance benefits and/or outstanding equity awards upon a change in control of the Company;
- No tax gross-up payments; and
- Incentive compensation subject to Company clawback policy, which is discussed below.

Clawback Policy. In September 2023, the Company adopted a new clawback policy, which became effective October 2, 2023, to comply with recently adopted SEC requirements and NYSE listing standards. The new clawback policy superseded the Company's pre-existing policy. The clawback policy applies to performance-based compensation received (as such term is defined in the clawback policy) after October 2, 2023. The clawback policy provides for the recovery of certain performance-based compensation in the event of an accounting restatement (as such term is defined in the clawback policy) by the Company due to material noncompliance with any financial reporting requirement under U.S. federal securities laws, including any required accounting restatement to correct an error in previously issued financial statements (i) that is material to the previously issued financial statements or (ii) that would result in a material misstatement if the error were corrected in the current period or left uncorrected in

TABLE OF CONTENTS

the current period. Under this policy, the Compensation Committee must seek to recover the portion of performance-based compensation paid to our current or former executive officers that would not have been earned had the Company's restated financial statements been used in the determination of the amount of performance-based compensation originally awarded. This policy includes a three-year look back period. A copy of the clawback policy was filed as an exhibit to the Company's Annual Report on Form 10-K, which was filed with the SEC on February 22, 2024.

We also have included in Messrs. Knutson's, Kristjansson's and Wulfsohn's respective employment agreements, as well as in the TRSU and PRSU award agreements relating to awards made to Mr. Roper and Mr. Schwartz, provisions requiring the forfeiture of unvested awards and permitting the recoupment of the after-tax value of vested awards in the event that that employee breaches certain covenants regarding, among other matters, confidentiality of Company information and solicitation of employees for a period of time after termination of employment.

Stock Retention and Ownership Requirements. Equity awards received by certain of our Named Executive Officers are subject to a stock retention and ownership policy intended to further encourage significant long-term share ownership. Messrs. Knutson, Kristjansson and Wulfsohn are not permitted to sell or otherwise transfer shares received from equity awards granted pursuant to their employment agreements during the executive's employment or for a period of six months following the termination of the executive's employment, unless the value of the executive's stock holdings (inclusive of shares of common stock and restricted stock units) in MFA exceeds four times the executive's annual base salary.

Anti-Hedging Policy; No Pledging of Securities. Our Insider Trading Policy prohibits our employees, including our executive officers, from engaging in short sales or in transactions in puts, calls or other derivative securities in respect of MFA's equity and debt securities, whether on an exchange or in any other organized market. In addition, we prohibit our employees from engaging in other forms of hedging transactions involving MFA's equity and debt securities, such as zero cost collars and forward sale contracts. We also prohibit our employees from holding MFA equity or debt securities in a margin account or pledging MFA securities as collateral for a loan.

Advice from Independent Compensation Consultant. The Compensation Committee has historically retained an independent compensation consultant to assist it in reviewing the competitiveness of our executive compensation program, considering the overall design of the compensation program and providing compensation advice independent of company management. In the fall of 2020 (and annually since then), the Compensation Committee directly retained FW Cook, a nationally recognized compensation consulting firm, in this role. One or more representatives from FW Cook meet, from time to time, with the Compensation Committee and provide assistance to the Compensation Committee with respect to various matters, including: (i) a benchmarking review of peer company executive compensation; (ii) the awards of annual incentive compensation; (iii) evaluating the elements and design of various aspects of our compensation program in light of current executive compensation practices for companies in our industry and public companies more generally; (iv) assisting in the development of an appropriate peer group; and (v) assisting in the design and review of employment agreements and other employment arrangements for certain of our senior executives.

Under the terms of its engagement, FW Cook does not provide any other services to us, except as may be pre-approved by the Chair of the Compensation Committee.

Compensation Committee Conflicts of Interest Analysis. The Compensation Committee assessed the independence of FW Cook pursuant to the factors set forth in its Charter and Rule 10C-1(b)(4) under the Exchange Act. Based on this assessment, the Compensation Committee concluded that FW Cook's work for the Board did not raise any conflicts of interest.

Use of Tally Sheets. The Compensation Committee periodically examines the components of our compensation programs offered to the Named Executive Officers, including, among other things, base salary, annual incentives, equity and long-term compensation, dividend and dividend equivalent payments, the dollar value (and the cost to us) of any perquisites and other personal benefits, the earnings and accumulated payout obligations under the Senior Officers Plan (as may be applicable) and the actual projected payout obligations under several potential severance and change in control scenarios. In connection with such review, a compensation tally

TABLE OF CONTENTS

sheet setting forth these components of our executive compensation program typically is prepared with respect to our most senior executives and reviewed by the Compensation Committee for this purpose.

Role of Executive Officers in Compensation Decisions. The Compensation Committee, which is comprised entirely of independent directors, makes recommendations to the independent directors of the Board on all compensation decisions relating to our CEO, and it determines and approves all compensation decisions related to our other Named Executive Officers. When making compensation recommendations for Named Executive Officers other than the CEO, the Compensation Committee will typically seek and consider the advice and counsel of the CEO in light of his direct day-to-day working relationship with these senior executives. Taking this feedback into consideration, the Compensation Committee engages in discussions and makes final determinations related to compensation paid to the Named Executive Officers. All decisions regarding the compensation of our CEO are ratified and confirmed independently by the independent directors of the Board.

Deductibility of Executive Compensation. Section 162(m) of the Code generally provides that, for federal tax purposes, a public company may not deduct compensation in excess of \$1 million paid in any fiscal year to any of certain executive officers (who are referred to as “covered employees”). For taxable years beginning on or after January 1, 2018, (i) the Company’s “covered employees” are our chief executive officer, chief financial officer and our three other most highly compensated executives, (ii) an individual who is a “covered employee” in any year after 2016 will remain a “covered employee” under Section 162(m) regardless of the individual’s officer status or level of compensation and (iii) the exception for compensation that qualifies as “performance-based” is eliminated.

The Compensation Committee considers the Section 162(m) deduction limit when it assesses the Company’s executive compensation practices. However, in order to maintain flexibility in compensating the Company’s executive officers in a manner designed to promote our corporate goals, including retaining and providing incentives to the executive officers, the Compensation Committee has not adopted a policy that all compensation must be deductible and may, as it has in prior years (including 2022), authorize payments to executives that may not be fully deductible if the Compensation Committee believes that such payments are in the Company’s interests.

Compensation Risk Considerations

The Compensation Committee monitors the risks and rewards associated with our compensation programs and considers, in establishing our compensation programs, whether they encourage unnecessary or excessive risk taking.

The Compensation Committee designs our compensation programs with features that are intended to mitigate risk without diminishing the incentive nature of the compensation. We believe our compensation programs encourage and reward prudent business judgment and appropriate risk taking over the long term.

With respect to the primary elements of our compensation programs, we use a number of practices designed to help mitigate unnecessary risk taking, including:

- annual base salaries for all employees, including the Named Executive Officers, which are fixed in amount and determined or approved in advance by the Compensation Committee and/or the Board;
- annual incentive compensation, which for 2023 was partly or wholly discretionary and subjectively determined for all employees (including the IRM Bonus for Messrs. Knutson, Kristjansson and Wulfohn), is determined or approved by the Compensation Committee and/or the Board; and
- long-term incentive compensation is determined or approved in advance by the Compensation Committee and/or the Board and typically vests over a multi-year time period and/or is subject to the achievement of one or more performance criteria. Such compensation may also, in certain instances, be subject to forfeiture upon termination of service and subject to retention requirements.

With respect to the IRM-determined bonus used in 2023 for Messrs. Knutson, Kristjansson and Wulfohn, mitigating factors included in the use of this element of compensation consisted of the Compensation Committee’s right to apply, in any given year, a

TABLE OF CONTENTS

discretionary adjustment to adjust this component of each such executive's annual incentive award based upon the Compensation Committee's assessment of certain company-related, market-related and individual performance factors.

The Compensation Committee continually assesses our executive compensation programs and has implemented additional policies and practices that we believe have further mitigated compensation driven risk, including the adoption of a clawback policy and executive officer stock ownership guidelines.

Based on the foregoing, we believe that our compensation programs for 2023 were appropriately balanced, did not motivate or encourage unnecessary or excessive risk taking and did not create risks that were reasonably likely to have a material adverse effect on the Company.

Compensation Committee Report

While MFA's management has the primary responsibility for our financial reporting process, including the disclosure of executive compensation, the Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis set forth in this Proxy Statement. Based on such review and discussions, the Compensation Committee is satisfied that the Compensation Discussion and Analysis fairly represents the philosophy, intent and actions of the Compensation Committee with regard to executive compensation. The Compensation Committee recommended to the Board, and the Board approved, that the Compensation Discussion and Analysis be included in this Proxy Statement.

1. Mr. Roper was appointed Chief Financial Officer of the Company effective September 15, 2023, following the resignation of Mr. Yarad effective on such date.
2. Amounts in this column represent the discretionary portion (in the case of Messrs. Knutson, Kristjansson and Wulfsohn, the IRM Bonus) of the annual incentive awards that were paid to each of the Named Executive Officers in respect of the years presented.
3. Amounts in this column represent the aggregate grant date fair value of awards granted in the year indicated computed in accordance with stock-based compensation accounting rules (FASB ASC Topic 718). For 2023, 2022 and 2021, amounts included in this column are comprised of TRSUs and PRSUs granted to each of the Named Executive Officers in January 2023, January 2022 and January 2021, respectively. See the Grants of Plan-Based Awards for 2023 table on pages 56 to 57 of this Proxy Statement for further information on awards made in 2022. A discussion of the assumptions underlying the calculation of the RSU values may be found in Note 2(k) and Note 12 to our 2023 Consolidated Financial Statements on pages 85-86 and pages 118 to 122, respectively, of our 2023 Annual Report to Stockholders on Form 10-K.
As indicated above, the amounts in this column for 2023 include the grant date fair value of, among other awards, PRSUs granted to each of the Named Executive Officers during the year. For purposes of the Summary Compensation Table, the grant date fair value of these PRSUs that is included in the amount reported in this column assumes that "target" performance is achieved during the three-year performance period. The target value of these PRSUs (which is included in the column) is as follows: for Mr. Knutson, \$2,400,008; for Mr. Kristjansson, \$1,035,006; for Mr. Wulfsohn, \$1,035,006; for Mr. Roper, 240,007; and for Mr. Schwartz, \$405,012. The maximum value of these PRSUs as of the grant date assuming the highest level of performance is achieved is as follows: for Mr. Knutson, \$4,800,016; for Mr. Kristjansson, \$2,070,012; for Mr. Wulfsohn, \$2,070,012; for Mr. Roper, \$480,014; and for Mr. Schwartz, \$810,024. A description of these PRSU awards, including the vesting and performance conditions of such awards, can be found in note 5 to the Grants of Plan-Based Awards for 2023 table below.
4. Amounts in this column represent the cash payment, if any, made to each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn in respect of the Formulaic Bonus portion of his respective annual incentive award. For 2023 and 2022, the amount of the Formulaic Bonus was based on Adjusted GAAP ROAE and Adjusted Distributable Earnings ROAE. For 2021, the amount of the Formulaic Bonus was based on Adjusted GAAP ROAE only. See pages 40 to 43 of this Proxy Statement for additional information regarding the Formulaic Bonus for 2023, including the Adjusted GAAP ROAE Bonus and the Distributable Earnings ROAE Bonus, which are the two components of the Formulaic Bonus.
5. Amounts in this column represent the employer matching contributions under the 401(k) Plan in the amount of \$13,200 for 2023, \$12,200 for 2022 and \$11,600 for 2021, in each case credited to each of the Named Executive Officers.

1. Type of Award:

- Formulaic Bonus = Formulaically-determined cash award paid as part of annual incentive award (see note 5 to Summary Compensation Table for additional information)
- TRSU = Time-based RSUs
- PRSU = Performance-based RSUs

2. These columns show the number of TRSUs and “target” number of PRSUs granted to each of the Named Executive Officers. The number of PRSUs that will ultimately vest is based upon the level of total stockholder return (“TSR”) of our Common Stock for the three-year performance period beginning January 1, 2023, and ending December 31, 2025. See note 5 below for further discussion regarding the applicable TSR goal and other material terms of these PRSU awards.

3. Amounts in this column represent the aggregate grant date fair value of such awards computed in accordance with stock-based compensation accounting rules (FASB ASC Topic 718). For PRSUs, the grant date fair value is based on the assumption that the vesting condition for “target” performance will be achieved. See note 2 to the Summary Compensation Table for additional information. The closing price per share of our Common Stock on the grant date of the TRSU and PRSU awards was \$10.16.

4. In accordance with the terms of the applicable award agreements, these TRSU awards “cliff” vest on December 31, 2025, subject generally to the executive’s continued employment with MFA through such date. Dividend equivalents will not be paid in respect of the TRSUs during the period in which TRSUs are outstanding. Rather, to further the retention value of such awards, each executive will be credited with an amount, per TRSU, equal to the amount of dividends declared, which will be paid in cash following the vesting of the TRSU at the end of the three-year vesting period.

Each vested and outstanding TRSU will be settled in one share of Common Stock within 30 days following the date that such TRSU vests.

5. The number of PRSUs shown represents the aggregate “target” number of PRSUs granted. The number of underlying shares that the Named Executive Officer will become entitled to receive at the time of vesting will generally range from 0% to 200% of the target number of PRSUs granted, subject to the achievement of a pre-established performance metric tied to TSR. PRSUs with a grant date fair value of one-half of the value reported in the table will vest based on our level of absolute TSR during the three-year performance period ending December 31, 2025 (the “Absolute TSR PRSUs”), and PRSUs with a grant date fair value of one-half of the value reported in the table will vest based on our level of TSR for the three-year performance period ending December 31, 2025, relative to the TSR of a peer group of companies designated by the Compensation Committee of the Board at the time of grant (the “Relative TSR PRSUs”). For the Absolute TSR PRSUs, to determine the actual number of these PRSUs that will vest, the target number of such PRSUs will be adjusted up or down at the end of the three-year performance period, based on our cumulative TSR relative to an average 8% per annum simple TSR objective from 0% of the target amount (reflecting 0% per annum TSR during the performance period) up to 200% of the target amount (reflecting an average 16% per annum (or higher) TSR during the performance period).

TABLE OF CONTENTS

(i.e., cumulative TSR of 48% (or higher) during the performance period)), with 100% of the target amount being earned and vesting if TSR of an average 8% per annum is achieved during the performance period (i.e., cumulative TSR of 24% during the performance period). PRSUs that do not vest at the end of the performance period will be forfeited.

With respect to the Relative TSR PRSUs, to the extent that our TSR rank is less than or equal to the 25th percentile when compared to the TSR of the members of the peer group, 0% of the target number of Relative TSR PRSUs will vest. To the extent that our TSR rank is in the 50th percentile, 100% of the target number of Relative TSR PRSUs will vest, and to the extent that our TSR rank is greater than or equal to the 80th percentile, generally 200% of the target number of Relative TSR PRSUs will vest. Regardless of our TSR rank, in no event will an executive vest in more than 100% of the target number of Relative TSR PRSUs to the extent our absolute TSR for the three-year performance period is less than zero. PRSUs that do not vest at the end of the performance period will be forfeited.

Dividend equivalents will not be paid in respect of the PRSUs during the performance period. Rather, dividend equivalents will accrue with respect to the PRSUs during the performance period, and to the extent that the underlying PRSUs vest, an amount equal to the accrued dividend equivalents related to the vested PRSUs will be paid to the Named Executive Officer in the form of additional shares of Common Stock based on the closing price of the Common Stock on the vesting date.

Vested PRSUs (if any) will be settled in an equivalent number of shares of our Common Stock in January 2027.

6. Mr. Yarad forfeited all such awards (without any consideration to him) effective September 15, 2023, upon his resignation from the Company.

Information regarding the vesting of the awards set forth in the table above upon termination of employment or change in control of MFA can be found under "Potential Payments upon Termination of Employment or Change in Control" on pages [64](#) to [68](#) of this Proxy Statement.

- Vested awards include TRSUs and PRSUs granted in January 2021, which vested in December 2023. Per the terms of the applicable awards, the TRSUs were settled in the form of Common Stock in January 2024, and the PRSUs will be settled in the form of Common Stock in January 2025. Number of shares vested excludes the following shares to be issued (in January 2025) to each executive in respect of dividend equivalents (“DEs”) accrued during the three-year performance period on the vested PRSUs: for Mr. Knutson, 59,562 shares with a value at vesting of approximately \$671,264; for each of Mr. Kristjansson and Mr. Wulfsohn, 15,796 shares with a value at vesting of approximately \$178,021; for Mr. Roper, 3,949 shares with a value at vesting of \$44,505; and for Mr. Schwartz, 7,405 shares with a value at vesting of approximately \$83,454. The right to receive dividend equivalents was factored into the determination of the grant date value of the TRSUs and PRSUs.
- Amount is determined by reference to the closing price per share of our Common Stock on the date on which the applicable TRSUs or PRSUs vested.

The table below provides additional information regarding the grants of TRSUs and PRSUs referred to in Note 1 to the above table, including the number and value of the shares issued (in the case of the TRSUs) or to be issued (in the case of the PRSUs) to each executive following vesting of the TRSUs and PRSUs on December 31, 2023.

- In the case of the TRSUs, value realized excludes dividend equivalents accrued during the three-year vesting period and paid in cash in connection with the settlement of the TRSUs in early 2024. In the case of the PRSUs, the number of units vested and the value realized excludes the shares to be issued (in January 2025) to each executive in respect of dividend equivalents accrued during the three-year performance period on vested PRSUs. The right to receive dividends equivalents had been factored into the determination of the grant date fair value of the TRSUs and the PRSUs.

TABLE OF CONTENTS

Deferred Plans

On December 19, 2002, the Board adopted the Senior Officers Plan, which is intended to provide our executive officers with an opportunity to defer up to 100% of certain compensation, as delineated in the Senior Officers Plan. Under the Senior Officers Plan, amounts deferred are deemed to be converted into hypothetical "stock units," which do not represent our capital stock, but rather the right to receive a cash payment equal to the fair market value of an equivalent number of shares of Common Stock. Deferred amounts (and the resultant hypothetical stock units), together with any cash dividend equivalents credited to outstanding stock units, increase or decrease in value as would an equivalent number of shares of Common Stock and are settled in cash at the termination of the deferral period, based on the value of the stock units at that time. The Senior Officers Plan is a non-qualified plan under the Employee Retirement Income Security Act of 1974, as amended, and is not funded. Prior to the time that the deferred accounts are settled, participants are unsecured creditors of MFA. At present, none of our executive officers have any amounts deferred under the Senior Officers Plan.

Pension Benefits

The Named Executive Officers received no benefits in 2023 from us under defined benefit pension plans. Our only retirement plan in which the Named Executive Officers were eligible to participate, apart from the Senior Officers Plan, is the 401(k) Plan.

Employment Contracts

We have employment agreements with the following Named Executive Officers: Craig L. Knutson, Gudmundur Kristjansson and Bryan Wulfsohn. As described below, these employment agreements provide Messrs. Knutson, Kristjansson and Wulfsohn with, among other things, base salary, bonus and certain payments at, following and/or in connection with certain terminations of employment.

Craig L. Knutson, Gudmundur Kristjansson and Bryan Wulfsohn. On February 22, 2021, we entered into an amended and restated employment agreement with Mr. Knutson, effective as of January 1, 2021, which agreement was amended as of May 3, 2022, and further amended as of February 21, 2024 (as amended, the "Knutson Employment Agreement"). Also on February 22, 2021, we entered into an amended and restated employment agreement with each of Mr. Kristjansson and Mr. Wulfsohn, each of which became effective as of January 1, 2021, and each of which was amended as of May 3, 2022 (as amended, the "Kristjansson/Wulfsohn Employment Agreements" and together with the Knutson Employment Agreement, the "Employment Agreements"). Set forth below is a summary of the material terms and conditions of the Knutson Employment Agreement and the Kristjansson/Wulfsohn Employment Agreements. We filed a copy of the Knutson Employment Agreement and copies of the Kristjansson/Wulfsohn Employment Agreements with the SEC on February 23, 2021, and filed copies of the amendments to each executive's Employment Agreement with the SEC on May 4, 2022, and, in the case of the Knutson Employment Agreement, on February 22, 2024, as well.

Term

The Knutson Employment Agreement and the Kristjansson/Wulfsohn Employment Agreements each had an initial fixed term running through December 31, 2021, provided that the agreement automatically renews for an additional one-year period at the end of the initial term and each year thereafter, unless either MFA or the executive gives the other party written notice of its or his intent not to renew the term of the applicable employment agreement at least 90 days prior to the end of the then-current term. Neither the Company, on the one hand, nor any of Mr. Knutson, Mr. Kristjansson or Mr. Wulfsohn, on the other hand, delivered a notice of intent not to renew at least 90 days prior to December 31, 2023 (the expiration of the most recent renewal term). Accordingly, each of the Knutson Employment Agreement and the Kristjansson/Wulfsohn Employment Agreements currently remain in effect until December 31, 2024 (subject to any further renewal).

Base Salary

The Employment Agreements provide for each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfsohn to receive a base salary. For 2023, Mr. Knutson was paid a base salary of \$800,000 per annum, and each of Mr. Kristjansson and Mr. Wulfsohn was paid a base salary of \$625,000. Each of the Employment Agreements provides that the Compensation Committee of the Board shall review the

TABLE OF CONTENTS

executive's base salary annually to determine whether an increase or decrease is appropriate. Generally, the executive's base salary may be increased, but not decreased unless in connection with an overall reduction of base salaries for the Company's senior executives.

Annual Performance-Based Bonus

The Knutson Employment Agreement and the Kristjansson/Wulfsohn Employment Agreements provide that each executive is eligible to receive an annual performance-based bonus (the "Annual Bonus") based on the Company's and each executive's individual performance during the 12-month period beginning each December 1st during the term and ending on November 30th of the next succeeding year (each 12-month period being a performance period). Pursuant to the terms of their respective employment agreements, For the 2023 Performance Period Mr. Knutson's 2023 target annual bonus (the "Overall Target Bonus") was \$2,000,000 and each of Mr. Kristjansson's and Mr. Wulfsohn's Overall Target Bonus was \$1,100,000. Generally, the executive's Overall Target Bonus may be increased by the Compensation Committee, but not decreased unless in connection with an overall reduction in target bonuses for the Company's senior executives.

The Employment Agreements provide that each executive's Annual Bonus is comprised of two components. In the case of each executive (i) a portion of his Annual Bonus is payable based on the achievement of objective performance goals established by the Compensation Committee on an annual basis, which may include performance goals based on ROAE as well as other objective performance measures that the Compensation Committee shall determine are appropriate for a given performance period and (ii) a portion of his Annual Bonus is based on the executive's individual performance and other factors determined by the Compensation Committee. The Employment Agreements provide that each executive's Annual Bonus shall be paid in the form of cash. More specifically, the actual amount of the Annual Bonus payable to the Executive, if any, for each Performance Period, shall be determined by the Compensation Committee based on the following allocation of the Overall Target Bonus for each executive: (a) 75% of the Overall Target Bonus shall be based on achievement of objective performance goals established by the Compensation Committee (i.e., the Formulaic Bonus), and (b) 25% of the Overall Target Bonus shall be based on such factors as determined by the Compensation Committee, including individual performance (i.e., the IRM Bonus). The amount of the Annual Bonus paid to an executive may range from zero to two times his respective Overall Target Bonus for each Performance Period.

Formulaic Bonus. With respect to the Formulaic Bonus, for each performance period the target amount of the Formulaic Bonus (the "Target Formulaic Bonus") for each executive is equal to 75% of such executive's Overall Target Bonus. Based on his Overall Target Bonus for the 2023 Performance Period, Mr. Knutson's Target Formulaic Bonus was \$1,500,000, and Messrs. Kristjansson and Wulfsohn's Target Formulaic Bonus was \$825,000. The Employment Agreements provide that each executive is eligible to receive from zero to 200% of his respective Target ROAE Bonus (i.e., for the 2023 Performance Period, up to \$3,000,000 in the case of Mr. Knutson and up to \$1,650,000 in the case of each of Mr. Kristjansson and Mr. Wulfsohn).

The actual amount of the Formulaic Bonus to be paid to each executive is based on the objective measures determined by the Compensation Committee for the applicable performance period relative to threshold, target, and maximum performance goals established by the Compensation Committee for each performance period.

IRM Bonus. With respect to the IRM Bonus, for each performance period the target amount of the IRM Bonus (the "Target IRM Bonus") for each executive is equal to 25% of such executive's Overall Target Bonus. Based on his Overall Target Bonus for the 2023 performance period, Mr. Knutson's Target IRM Bonus was \$500,000, and Messrs. Kristjansson and Wulfsohn's Target IRM Bonus was \$275,000. The Employment Agreements provide that each executive will be eligible to receive from zero to 200% of his Target IRM Bonus (i.e., for the 2023 performance period, up to \$1,000,000 in the case of Mr. Knutson and up to \$550,000 in the case of each of Mr. Kristjansson and Mr. Wulfsohn).

The actual amount of the IRM Bonus to be paid to the executive is determined by the Compensation Committee in its discretion based upon any factors it deems relevant and appropriate, including, without limitation, the executive's individual performance.

TABLE OF CONTENTS

Equity Awards (LTIA)

Under his respective Employment Agreement, each of Mr. Knutson, Mr. Kristjansson and Mr. Wulfohn. is entitled to receive an annual grant of each of TRSUs and PRSUs.

TRSUs. For 2023, the Compensation Committee granted to Mr. Knutson TRSUs with an aggregate grant date value of approximately \$1,600,000 and granted to each of Mr. Kristjansson and Mr. Wulfohn TRSUs with an aggregate grant date value of approximately \$690,000. Subject to exceptions in certain circumstances described below in "Potential Payments upon Termination of Employment or Change in Control," each grant of TRSUs to be granted to Messrs. Knutson, Kristjansson and Wulfohn will vest on the third December 31st to occur following the date of grant, subject to the executive's continued employment with the Company. In addition, subject to exceptions in certain circumstances described below (see "Potential Payments upon Termination of Employment or Change in Control"), unvested TRSUs will be forfeited as of the date of the executive's termination of employment with the Company. Upon vesting, each executive will receive one share of MFA Common Stock for each TRSU that vests. Under the terms of the Employment Agreements, the Compensation Committee may increase or decrease the aggregate grant date value for any annual grant of TRSUs as compared to a grant made in a prior year.

With respect to the grants made to the executives in 2023, the executives do not receive dividend equivalent payments in respect of the TRSUs as and when dividends are paid on our Common Stock during the period in which TRSUs are outstanding. Rather, to further the retention value of such awards, each executive is credited with an amount, per TRSU, equal to the amount of dividends declared, which will be paid in cash following the vesting of the TRSU at the end of the three-year vesting period.

PRSUs. For 2023, the Compensation Committee granted to Mr. Knutson PRSUs with an aggregate grant date value of approximately \$2,400,000 and granted to each of Mr. Kristjansson and Mr. Wulfohn PRSUs with an aggregate grant date value of approximately \$1,035,000 (for each executive, the "PRSU Grant Date Value"). Under the terms of the Employment Agreements, the Committee may increase or decrease the PRSU Grant Date Value for any annual grant of PRSUs as compared to a grant made in a prior year.

A portion of each annual PRSU award vests based on the Company's level of absolute TSR during the applicable three-year performance period and a portion vests based on the Company's level of TSR during the applicable three-year performance period relative to the TSR during such period of a peer group of companies designated by the Compensation Committee at the time of each grant. (The PRSUs that vest based on the Company's level of absolute TSR are hereinafter referred to as the "Absolute TSR PRSUs," and the PRSUs that vest based on the Company's level of relative TSR are hereinafter referred to as the "Relative TSR PRSUs.") Subject to certain exceptions described below in "Potential Payments upon Termination of Employment and Change in Control," each grant of PRSUs to be granted to the executives will vest on the last day of the applicable performance period, subject to the level of performance achieved and the executive's continued employment with the Company.

Each annual grant of PRSUs provides for a "target" grant of Absolute TSR PRSUs (the "Absolute TSR Target Award") and a "target" grant of Relative TSR PRSUs (the "Relative TSR Target Award"). For each executive, the Absolute TSR Target Award is a number of PRSUs equal to the quotient of (a) 50% of the Executive's PRSU Grant Date Value divided by (b) the grant date fair value per unit of one Absolute TSR PRSU. Similarly, the Relative TSR Target Award for each Executive is a number of PRSUs equal to (a) 50% of the Executive's PRSU Grant Date Value divided by (b) the grant date fair value per unit of one Relative TSR PRSU.

With respect to the Absolute TSR PRSUs, the actual number of Absolute TSR PRSUs that will vest is based on the level of the Company's cumulative TSR (i.e., share price appreciation or depreciation, as the case may be, plus dividends divided by initial share price) relative to an average 8% per annum simple TSR (assuming no reinvestment of dividends) for the three-year performance period beginning on January 1st of the year of grant (e.g., the performance period for the PRSUs granted in January 2023 is January 1, 2023 through December 31, 2025). To determine the actual number of Absolute TSR PRSUs that vests, the target number of units of each grant of Absolute TSR PRSUs will be adjusted up or down at the end of the applicable three-year performance period based on the Company's cumulative TSR relative to an average 8% per annum simple TSR objective from 0% of the target number (reflecting 0% per annum TSR during the performance period) up to 200% of the target number (reflecting an average of 16% per annum (or higher) TSR

TABLE OF CONTENTS

during the performance period), with 100% of the target number vesting if TSR of an average 8% per annum is achieved during the performance period.

With respect to the Relative TSR PRSUs, the actual number of Relative TSR PRSUs that will vest is based on the Company's cumulative TSR during the applicable three-year performance period (beginning on January 1st of the year of grant) as compared to the cumulative TSR of a designated group of peer companies for such performance period. To the extent that the Company's TSR rank is less than or equal to the 25th percentile when compared to the TSR of the members of the peer group, the executive will vest in 0% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company's TSR rank is in the 50th percentile, the executive will vest in 100% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. To the extent that the Company's TSR rank is greater than or equal to the 80th percentile, the executive will vest generally in 200% of the target number of Relative TSR PRSUs awarded to him in respect of the applicable performance period. (To the extent that the Company's TSR ranking falls in between the percentiles identified in the preceding sentences, the number of Relative TSR PRSUs that vest will be interpolated.) Regardless of the Company's TSR rank, in no event will an executive vest in more than 100% of the target number of Relative TSR PRSUs to the extent the Company's absolute TSR for the applicable performance period is less than zero.

PRSUs that do not vest at the end of an applicable performance period will be forfeited. Upon vesting, the executive will receive one share of MFA Common Stock for each PRSU that vests, provided that the fair market value of the shares of Common Stock delivered upon settlement may not exceed 400% of the PRSU Grant Date Value of the PRSUs granted in respect of the completed performance period. Any PRSUs that vest are subject to an additional one year deferral prior to settlement, subject to accelerated payout under certain circumstances.

Dividend equivalents are not paid in respect of the PRSUs during the performance period. Rather, dividend equivalents accrue with respect to the PRSUs during the performance period, and to the extent that the underlying PRSUs vest, an amount equal to the accrued dividend equivalents related to the vested PRSUs will be paid to the executive in the form of additional shares of MFA Common Stock based on the closing price of MFA Common Stock on the vesting date.

Notice of Resignation by Executive/Termination by Company

Each executive must provide 90 days' notice prior to his resignation, and the Company must provide 90 days' notice prior to any termination by the Company without cause (in either case, except upon termination in connection with a change in control). During this period, the executive will continue to receive base salary and benefits, but will be ineligible to receive an Annual Bonus for any performance period that was not completed as of the beginning of the 90-day period.

Other Terms and Provisions

Each of Mr. Knutson's, Mr. Kristjansson's and Mr. Wulfohn's respective employment agreement provides that if any payments or benefits provided to the executive would constitute excess parachute payments within the meaning of Section 280G of the Internal Revenue Code of 1986, as amended (the "Code"), and would be subject to the excise tax imposed under Section 4999 of the Code, the payments or benefits will be reduced by the amount required to avoid the excise tax, if such reduction would give the executive a better after-tax result than if he received the full payments and benefits and paid the excise tax. In addition, the Knutson Employment Agreement provides for the vesting of Mr. Knutson's outstanding unvested equity awards in the event he should retire from the Company in certain circumstances.

Michael C. Roper. Mr. Roper's employment is not governed by an employment agreement, and consequently, Mr. Roper is an "at will" employee. For 2023, Mr. Roper was paid a base salary of \$350,000. Mr. Roper's annual performance bonus is determined in the discretion of the Compensation Committee, in consultation with our CEO. On February 21, 2024, the Company and Mr. Roper entered into an agreement regarding payments to be made to him upon the termination of his employment under certain circumstances, a copy of which was filed with the SEC on February 22, 2024.

TABLE OF CONTENTS

Harold E. Schwartz. Mr. Schwartz's employment is not governed by an employment agreement, and consequently, Mr. Schwartz is an "at will" employee. For 2023, Mr. Schwartz was paid a base salary of \$475,000. Mr. Schwartz's annual performance bonus is determined in the discretion of the Compensation Committee, in consultation with our CEO. On May 5, 2021, the Company and Mr. Schwartz entered into an amended and restated agreement regarding payments to be made to him upon the termination of his employment under certain circumstances, a copy of which was filed with the SEC on May 6, 2021. Such agreement was further amended and restated on February 21, 2024, a copy of which was filed with the SEC on February 22, 2024.

Each of the employment agreements of Messrs. Knutson, Kristjansson and Wulfsohn includes limitations on (a) providing services to, or acquiring certain interests in, other mortgage REITs and (b) soliciting our employees, in either case without our consent, for a period of time following a termination of employment and require each executive to maintain the confidentiality of our confidential and proprietary information. Mr. Roper's and Mr. Schwartz's terms of employment prohibit them from soliciting our employees without our consent for a period of time following a termination of employment and require them to maintain the confidentiality of our confidential and proprietary information.

Potential Payments upon Termination of Employment or Change in Control (CIC)

The tables below show certain potential payments that would have been made to a Named Executive Officer under his then-current employment agreement or award agreement(s) assuming such person's employment had terminated at the close of business on December 31, 2023, under various scenarios, including a change in control.

The tables include only the value of the incremental amounts payable to the Named Executive Officer arising from the applicable scenario and do not include the value of vested or earned, but unpaid, amounts owed to the applicable Named Executive Officer as of December 31, 2023 (including, for example, any annual bonus earned but not yet paid as of such date, dividend equivalents relating to dividends declared but not paid as of such date, vested but not settled TRSUs or PRSUs, or the employer 401(k) match of \$13,200 for the Named Executive Officers).

The footnotes to the tables describe the assumptions used in estimating the amounts shown in the tables.

As used below, the terms "Cause," "Change in Control," "Disability," and "Good Reason" shall have the respective meanings set forth in the applicable employment agreement, each of which has been filed with the SEC, or award agreement(s), forms of which have been filed with the SEC.

Because the payments to be made to a Named Executive Officer depend on several factors, the actual amounts to be paid out upon a Named Executive Officer's termination of employment can only be determined at the time of the executive's separation from the Company.

1. **Value of Accelerated Equity Awards.** For purposes of these tables, values for restricted shares, TRSUs and PRSUs are based on \$11.27 per share, the closing price of our stock on December 29, 2023, the last trading day of the year. For purposes of these tables, we have assumed that “target” performance metrics with respect to the PRSUs have been achieved.

(a) Death and Disability

The following incremental benefits would be paid to a Named Executive Officer or his estate or legal representative in the event of his death or Disability:

- (i) Severance/Payment to Representative or Estate: For Messrs. Knutson, Kristjansson and Wulfsohn, a payment equal to 100% of the sum of his (a) base salary and (b) the median of the annual bonuses paid to him for the three calendar years preceding such termination (the “Median Bonus”).
- (ii) Value of Accelerated Equity Awards: For Messrs. Knutson, Kristjansson, Wulfsohn, Roper and Schwartz, amounts represent the aggregate value resulting from the (i) immediate full vesting and settlement of all outstanding TRSUs (and any unpaid dividend equivalents in respect thereof) and (ii) full vesting of outstanding PRSUs as though the executive had remained employed through the end of the applicable performance period, subject to the achievement of applicable performance

TABLE OF CONTENTS

goals measured through the end of the applicable performance period (including the value of any shares issued in respect of dividends accrued in respect thereof during the applicable performance period).

For purposes of the above tables, we have assumed that the “target” performance metric with respect to outstanding PRSUs has been achieved.

- (iii) Other Benefits: For Messrs. Knutson, Kristjansson and Wulfsohn, in the event of Disability only, the continued participation, at MFA’s expense, in MFA’s health insurance for himself and his eligible dependents for the 18-month period following the executive’s termination.

(b) Termination Without Cause/Resignation for Good Reason

The following incremental benefits would be paid to a Named Executive Officer in the event he is terminated without Cause or resigns for Good Reason, in either event, not in connection with a Change in Control:

- (i) Severance: For Mr. Knutson, a payment equal to 200% of the sum of (a) his base salary and (b) the Median Bonus. For Messrs. Kristjansson and Wulfsohn, a payment equal to 150% of the sum of (x) his base salary and (y) the Median Bonus. For Mr. Schwartz, a payment equal to the greater of (i) 100% of the sum of (a) his base salary and (b) the Median Bonus and (ii) 200% of his base salary.
- (ii) Value of Accelerated Equity Awards: For Messrs. Knutson, Kristjansson and Wulfsohn, amounts represent the aggregate value resulting from the (i) immediate full vesting of all outstanding time-based equity-based awards that would have otherwise vested within 12 months from the date of the executive’s termination (and any unpaid dividend equivalents in respect thereof) and (ii) pro rata vesting of outstanding PRSUs, subject to the achievement of applicable performance goals measured through the end of the applicable performance period (including the value of any shares issued in respect of dividends accrued in respect thereof during the applicable performance period).

For Mr. Schwartz, amount represents the aggregate value resulting from the (i) immediate full vesting and settlement of all outstanding TRSUs (and any unpaid dividend equivalents in respect thereof) and (ii) pro rata vesting of outstanding PRSUs, subject to the achievement of applicable performance goals measured through the end of the applicable performance period (including the value of any shares issued in respect of dividends accrued in respect thereof during the applicable performance period).

For purposes of the above tables, we have assumed that the “target” performance metric with respect to outstanding PRSUs has been achieved and a pro rata portion of the “target” number of PRSUs would vest.

- (iii) Other Benefits: For Mr. Schwartz, the continued participation, at MFA’s expense, in MFA’s health insurance for himself and his eligible dependents for the 12-month period following the executive’s termination.

(c) Voluntary Resignation

The following incremental benefits would be paid to Mr. Knutson, Mr. Kristjansson or Mr. Wulfsohn in the event he resigns without Good Reason: three months’ base salary pursuant to the “Garden Leave” provisions set forth in each executive’s respective employment agreement.

(d) Termination/Resignation upon Change in Control

The following incremental benefits would be paid to a Named Executive Officer in the event he resigns or is terminated under certain circumstances in connection with a Change in Control:

“Double Trigger.” For each of Messrs. Knutson, Kristjansson, Wulfsohn, Roper and Schwartz, benefits would be payable only in the event the executive’s employment is terminated by MFA (other than for Cause), or he resigns for Good Reason, within 12 months following a Change in Control.

TABLE OF CONTENTS

- (i) Severance: For Mr. Knutson, 200% of the sum of his (a) base salary and (b) Median Bonus. For Mr. Kristjansson and Mr. Wulfohn, 150% of the sum of his (a) base salary and (b) Median Bonus.
- (ii) Value of Accelerated Equity Awards: For Messrs. Knutson, Kristjansson, Wulfohn, Roper and Schwartz, amounts represent the aggregate value resulting from the immediate full vesting of all outstanding equity-based awards (assuming the achievement of “target” performance in the case of outstanding PRSUs) (and the payment of all dividends and dividend equivalents, including accrued dividends and dividend equivalents, on such awards).
- (iii) Other Benefits: For Mr. Knutson, Mr. Kristjansson and Mr. Wulfohn, the continued participation, at MFA’s expense, in MFA’s health insurance plan for himself and his eligible dependents for the 18-month period following the executive’s termination.

Resignation of S.D. Yarad

As discussed in the CD&A, Mr. Yarad resigned as our Chief Financial Officer effective September 15, 2023. Mr. Yarad received no payments or benefits in connection with his resignation. In addition, upon his resignation, Mr. Yarad forfeited all unvested TRSUs and PRSUs that had been previously granted to him, including all TRSUs and PRSUs granted to him in each of January 2021, January 2022 and January 2023.

Pay Ratio Disclosure

The annual total compensation of our CEO for the year ended December 31, 2023, as reported in the Summary Compensation Table included in this Proxy Statement, was \$6,640,540. The median of the annual total compensation of all employees, excluding our CEO, for fiscal year 2023 was \$100,077. As a result, we estimate that the ratio of the annual total compensation of our CEO to the annual total compensation of the median employee for fiscal year 2023 was approximately 66.35 to 1.

We identified the median employee by annual total compensation, for all employees excluding our CEO, as of December 31, 2023. We calculated annual total compensation for those employees whose compensation is included in the pay ratio calculation using the same methodology used for calculating the annual total compensation of our Named Executive Officers as set forth in the Summary Compensation Table.

Pay Versus Performance

As required by Section 953(a) of the Dodd-Frank Wall Street Reform and Consumer Protection Act and Item 402(v) of Regulation S-K, we have prepared this pay versus performance disclosure, which serves to further demonstrate the alignment of our executive compensation program with stockholder interests.

Adjusted Distributable Earnings ROAE is defined on page 40 and is a non-GAAP financial measure. Per SEC rules, percentage shown is for the applicable calendar year. See Appendix B for a reconciliation of such measure to its comparable GAAP measure for the 2023 calendar year.

2023 Most Important Financial Measures

MFA's current compensation program is structured with the objective of linking the compensation of our NEOs to achievement of short- and long-term financial and market-based goals. In 2023, incentive compensation served as a material element of each NEO's compensation package and serves to further align compensation to Company performance. In addition, a significant percentage of our NEOs' compensation is in the form of equity awards that "cliff" vest after three years, and with respect to grants of awards made to our NEOs in 2023, the vesting of 60% of these awards (as determined by grant date value) is subject to our total stockholder return (both on an absolute basis and as compared to a group of peer companies) for the three-year period ending December 31, 2025. The most important financial performance measures utilized by the Compensation Committee to link compensation paid to our NEOs to MFA's performance for 2023 were:

- Adjusted Distributable Earnings ROAE
- Adjusted GAAP ROAE
- Absolute TSR
- Relative TSR

Securities Authorized for Issuance under Equity Compensation Plans

The following table presents certain information with respect to our Existing Plan under which our Common Stock may be issued to employees or non-employees (such as directors) as of December 31, 2023, which was approved by our stockholders. Our stockholders have approved all of our equity compensation plans.

Award ⁽¹⁾	Number of securities to be issued upon exercise of outstanding options, warrants and rights #	Weighted-average exercise price of outstanding options, warrants and rights #	Number of securities remaining available for future issuance under equity compensation plans (excluding securities reflected in the first column of this table) #
Stock Options	—	N/A	
Restricted Stock Units (RSUs)	3,187,901	N/A ⁽²⁾	
Total	3,187,901	N/A⁽²⁾	4,847,019⁽³⁾

1. All equity-based compensation is granted pursuant to plans that have been approved by our stockholders.
2. RSUs include unvested TRSUs and PRSUs and vested but not settled stock units, TRSUs and PRSUs. A weighted average exercise price is not applicable for our RSUs, as such equity awards result in the issuance of shares of our Common Stock provided that such awards vest and, as such, do not have an exercise price. As of December 31, 2023, 1,195,709 RSUs were vested, and 684,464 RSUs were subject to time-based vesting, and 1,307,728 RSUs will vest subject to achieving a market condition based on total stockholder return as measured on an absolute basis and relative to the TSR of a group of peer companies.
3. Number of securities remaining available for future issuance under equity compensation plans excludes RSUs presented in the table, which were granted prior to December 31, 2023, and remained outstanding at such date. In addition, the number of securities remaining available for issuance does not reflect 478,777 TRSUs and 776,709 PRSUs, which were granted after December 31, 2023.

Proposal 3. Advisory (Non-Binding) Resolution to Approve Executive Compensation

Pursuant to Section 14A of the Exchange Act, and in accordance with the Board's determination, based on the recommendation of the Compensation Committee, we are seeking an advisory (non-binding) vote on the compensation of our Named Executive Officers (as defined in "Compensation Discussion and Analysis" of this Proxy Statement) as disclosed on pages [32](#) to [59](#) of this Proxy Statement. Stockholders are being asked to vote on the following advisory resolution at the Annual Meeting:

"RESOLVED, that the stockholders of MFA Financial, Inc. approve, on an advisory basis, the compensation of MFA's Named Executive Officers as disclosed in the Proxy Statement for the 2024 Annual Meeting of Stockholders, including the Compensation Discussion and Analysis, Summary Compensation Table and other related tables and disclosures."

This proposal, commonly known as a Say-on-Pay proposal, gives our stockholders the opportunity to express their views on the compensation of our Named Executive Officers. This vote is not intended to address any specific item of compensation, but rather the overall compensation of our Named Executive Officers and the principles, policies and practices described in this Proxy Statement. As this is an advisory vote, the result will not be binding on the Company, the Board or the Compensation Committee, although the Compensation Committee will consider the outcome of the vote when evaluating our compensation principles, program design and practices.

You are encouraged to consider the description of the Compensation Committee's executive compensation philosophy and its decisions in the "Compensation Discussion and Analysis" section of this Proxy Statement.

Vote

The Board recommends that stockholders vote "FOR" the approval of the Advisory (Non-Binding) Resolution to Approve the Compensation of our Named Executive Officers disclosed in this proxy statement.

Delinquent Section 16(a) Reports

Section 16(a) of the Exchange Act requires our directors, executive officers and holders of more than 10% of the outstanding shares of Common Stock ("10% Holders") to file with the SEC and the NYSE initial reports of ownership and reports of changes in ownership of Common Stock and other equity securities of MFA. Directors, executive officers and 10% Holders are required by the SEC's regulations to furnish us with copies of all Section 16(a) forms and amendments thereto filed during any given year.

Based on our records and other information, we believe that each of our directors, executive officers and greater than 10% beneficial owners complied with all Section 16(a) filing requirements on a timely basis during 2023.

Other Matters

The Board knows of no other business to be presented at the Annual Meeting. If other matters should properly come before the Annual Meeting, the persons named as proxy holders on your proxy card will vote the shares of Common Stock represented by properly submitted proxies in their discretion.

Submission of Stockholder Proposals

Any stockholder intending to present a proposal at our 2025 Annual Meeting of Stockholders and have the proposal included in the proxy statement for such meeting in accordance Rule 14a-8 of the SEC's proxy rules must, in addition to complying with the applicable laws and regulations governing submissions of such proposals, submit the proposal in writing to us no later than December 20, 2024.

Pursuant to our current Bylaws, any stockholder intending to nominate a director or present a proposal at an annual meeting of our stockholders, which is not intended to be included in the proxy statement for such annual meeting, must comply with the advance notice and other requirements set forth in our current Bylaws for nominations or business proposals to be eligible to be presented at an annual meeting. These requirements currently include, in part, the requirement that any such nomination or proposal must, with certain exceptions if the date of the 2025 annual meeting of stockholders is advanced or delayed more than 30 days from the first anniversary of the date of this year's annual meeting, notify us in writing not earlier than the 150th day nor later than 5:00 p.m. Eastern Time on the 120th day prior to the first anniversary of the date of the proxy statement for the preceding year's annual meeting. Accordingly, any stockholder who intends to submit such a nomination or such a proposal at our 2025 Annual Meeting of Stockholders must notify us in writing of such proposal by 5:00 p.m. Eastern Time December 20, 2024, but in no event earlier than November 20, 2024. All notices must contain all the information and certifications required under the Company's current Bylaws (including the information required under Rule 14a-19 under the Exchange Act if a stockholder wishes to nominate someone for election as director of the Company).

In addition to satisfying the foregoing requirements, pursuant to the Company's Bylaws and to comply with the universal proxy rules, any stockholder intending to solicit proxies in support of director nominees other than our nominees must provide notice that sets forth the information required by Rule 14a-19 under the Exchange Act, which notice must be postmarked or transmitted electronically to us at our principal executive offices no later than 60 calendar days prior to the anniversary of the previous year's annual meeting date (for the 2025 Annual Meeting of Stockholders, no later than April 7, 2025 (first business day following April 6, 2025)). If the date of the 2025 Annual Meeting of Stockholders is changed by more than 30 calendar days from such anniversary date, however, then the stockholder must provide notice by the later of 60 calendar days prior to the date of the 2025 Annual Meeting of Stockholders and the 10th calendar day following the date on which public announcement of the date of the 2025 Annual Meeting of Stockholders is first made.

Any such nomination or proposal should be sent to the attention of our Secretary at MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017 and must include the applicable information required by our Bylaws.

Householding of Proxy Materials

The SEC permits companies and intermediaries (such as banks and brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single set of proxy materials (i.e., the proxy statement and annual report) addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

A number of brokers with account holders who are our stockholders will be “householding” our proxy materials. A single set of proxy materials may be delivered to multiple stockholders sharing the same address unless contrary instructions have been received from the affected stockholders. Once a stockholder has received notice from its broker that it will be “householding” communications to such stockholder’s address, “householding” will continue until such stockholder revokes consent to “householding” or is notified otherwise. If, at any time, a stockholder no longer wishes to participate in “householding” and would prefer to receive a separate set of our proxy materials, such stockholder should so notify us by directing written requests to: MFA Financial, Inc., One Vanderbilt Avenue, 48th Floor, New York, New York 10017, Attention: Secretary, or by calling our investor relations phone line at (212) 207-6488. In addition, if so requested, we will also undertake to promptly deliver a separate set of proxy materials to any stockholder for whom such proxy materials were subject to “householding.” Stockholders who currently receive multiple copies of our proxy materials at their address and would like to request “householding” of their communications should contact us as specified above or their respective brokers.

Miscellaneous

We are bearing all costs associated with the solicitation of proxies in connection with the Annual Meeting. This solicitation is being made primarily through the internet and by mail, but may also be made by our directors, executive officers, employees and representatives by telephone, facsimile transmission, electronic transmission, internet, mail or in person. No additional compensation will be given to our directors, executive officers or employees for this solicitation. We have retained Saratoga Proxy Consulting, LLC, 520 Eighth Avenue, 14th Floor, New York, New York 10018, a proxy soliciting firm, to assist in the solicitation of proxies for an estimated fee of \$11,000 plus reimbursement of certain out-of-pocket expenses. We will request brokers and nominees who hold shares of Common Stock in their names to furnish proxy materials to beneficial owners of such shares and will reimburse such brokers and nominees for their reasonable expenses incurred in forwarding solicitation materials to such beneficial owners.

A COPY OF OUR ANNUAL REPORT ON FORM 10-K (FILED WITH THE SEC), WHICH CONTAINS ADDITIONAL INFORMATION ABOUT US, IS AVAILABLE FREE OF CHARGE TO ANY STOCKHOLDER. REQUESTS SHOULD BE DIRECTED TO THE ATTENTION OF OUR SECRETARY AT MFA FINANCIAL, INC., ONE VANDERBILT AVENUE, 48TH FLOOR, NEW YORK, NEW YORK 10017.
